PLEASE READ BEFORE ASSEMBLY

Read Before Beginning Assembly

1. Clearing a area: Please assemble in a spacious area near the product's final location, preferably on a carpet or protected surface to safeguard both your floor and the product.

2. Recommend team assembling: It is recommended that at least 2 people assemble this product. Having an extra hand can make the process faster easier.

3. Check for all parts: Most parts are labeled or stamped on the raw edge. Ensure all parts are included before starting.

4. Read each step carefully: Follow the assembly steps in the correct order. Skipping steps or changing the sequence can lead to difficulties.

5. Tighten after complete: Do not fully tighten any bolts before the entire assembly is completed. Final tightening all together ensures greater stability.

6. You can contact us: If you encounter any questions or difficulties during installation, please contact us through marketplace.
