

ASSEMBLY INSTRUCTION

Congratulations:

You purchased one of the best lighting product available in the market. In order to ensure safety and maximize the life time of the lamp, please make sure to read following precautions and instructions thoroughly before assembling your lamp.

Assembly Instructions:

Note: The electrical wire is connected continuously through the poles. Please **DO NOT** pull wire during unpacking. Bad connections may result. For easier installation, two people are recommended for the installation process.

1. Insert the Steel Pipe (J) into the hole of the Base (K). Screw it together with Washer (L) and thread the Hex Nut (M) by using Wrench (N).
2. Connect the Female Connector (G) to the Male Connector (H)
3. Insert the Arch Pipe (F) into the Steel Pipe (J), make sure push down nice and tight before secure it with the Screw (I).
4. Unscrew the pre-installed Ring Cap (B) from Socket (D), place the Shades (C) onto the Socket (D) then tighten the Ring Cap (B) onto the Socket (D).
5. Place LED Light Bulbs (A) into Socket (D).

WARNING:

1. Use Type A Bulb of LED 8W maximum (Bulb included)

For your long lasting uses, please use we approved LED Bulbs only. Light bulb item #: L3-8TDM-E26-27.

Other brand may not be compatible to our LED lamp, it may cause the dimmer switch to burn out quickly, therefore void the manufacture warranty that comes with this lamp.

2. Do not use polishes or cleaners on your lamp.

JUST WIPE CLEAN WITH SOFT CLOTH.

Made in China
