All Angles 4

D2780S55586-4689

The final work in a four-part series, All Angles 4 showcases the traits of hard-edge abstraction, using minimalistic color variations and meticulous geometric patterns to craft an illusion of depth and dimensionality on an otherwise flat plane. The starkest work in this series, All Angles 4, offers the viewer the illusionary effect of looking through a partially opened door containing a sharp-angled window cutout that peers into the beyond. A strong color field dominated by mocha frames the dusky blue backdrop of what lies ahead. Dynamic and aesthetically pleasing, All Angles 4 is an alluring addition to ART by TA.
