

Important Notice

Thank you for choosing our mattress! To ensure the best sleep experience, please note the following:

1. Place the mattress on its final bed frame or floor before opening.
2. Remove all plastic sealed bag and packaging materials.
3. Gently shake and pat the mattress from all four corners to help air enter and speed up expansion.
4. Let it rest for 24–72 hours to fully expand and recover.
5. We recommend waiting at least 24 hours before sleeping on it for the best results.
