

# Windsor Carriage Tabletop Clock 645530

---

**Stunning Wooden Table Clock:** A wooden table clock acts as a distinguished piece. The Windsor Carriage clock is finished in Windsor Cherry on select hardwoods and veneers. The end result is a classic and timeless piece, perfect for any desk, table, or shelf.

**Classic Style:** The carriage clock was designed in France in the early 19th century as a small, travel-ready clock, easily taken on long trips. This gave this style of clock the name "carriage clock." This handsome, carriage-style table clock features beveled sides and careful craftsmanship, hearkening to the classic designs of the 19th century.

**Roman Numeral Reading:** The Windsor Carriage clock features a white dial with black Roman numerals, acrylic crystal, and a polished brass-finished waterfall bezel. The brass helps to accentuate the wooden features and contrasts perfectly with the white face.

**Quartz Movement:** The quartz, battery-operated movement is powered by one AA sized battery. Additionally, this wooden table clock features a felt bottom to protect your desktop or table from scratches.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
