Building Blocks 1

Building Blocks 1 hints at the impactful work of Robert Motherwell, a pivotal figure in the American abstract expressionist movement as a member of the New York School. This minimalist work emphasizes deliberate and bold black abstract marks on paper that offer a dynamic balance between filled and empty spaces. The simplified black-and-white color scheme and a series of vertical forms could be seen as abstracted characters.

Part of the exclusive ART by TA Collection, an invitation for reflection occurs in the light and dark spaces of this thought-provoking work on textured paper.
