QUICK START GUIDE

CHARGING YOUR TOUCH PRO
Connect the included cable to your Touch Pro's Micro-USB Charging Input.
Plug the other end into a standard USB charging outlet.
Indicator light will turn red to indicate charging and then off once fully charged.
NOTE: Please fully charge the battery before use for the best possible experience.

TURNING ON / ADJUSTING DAYLIGHT LED LIGHTS
Tap the touch-sensitive switch once to turn the lights on. Tap again to turn off.
Press and hold to brighten lights. Press and hold again to dim lights.

CONNECTING YOUR BLUETOOTH DEVICE FOR THE FIRST TIME
Slide the Touch Pro Bluetooth switch to ON to turn on pairing mode.
Connect to "Touch Pro" on your device's Bluetooth menu.

CONNECTING ANOTHER BLUETOOTH DEVICE
Disconnect your connected Bluetooth device to turn on standby mode.
Press the PLAY button on your Touch Pro to turn pairing mode on.
Connect to "Touch Pro" on your device's Bluetooth menu.

USING YOUR TOUCH PRO TO CHARGE A USB DEVICE
Plug your device's charging cable into your Touch Pro's USB Device Charging outlet.
Connect the other end of charging cable to your device.
