Step Nine :

Use four Hex Screws (7) to attach backrest (1) with right and left arms

Step Ten :

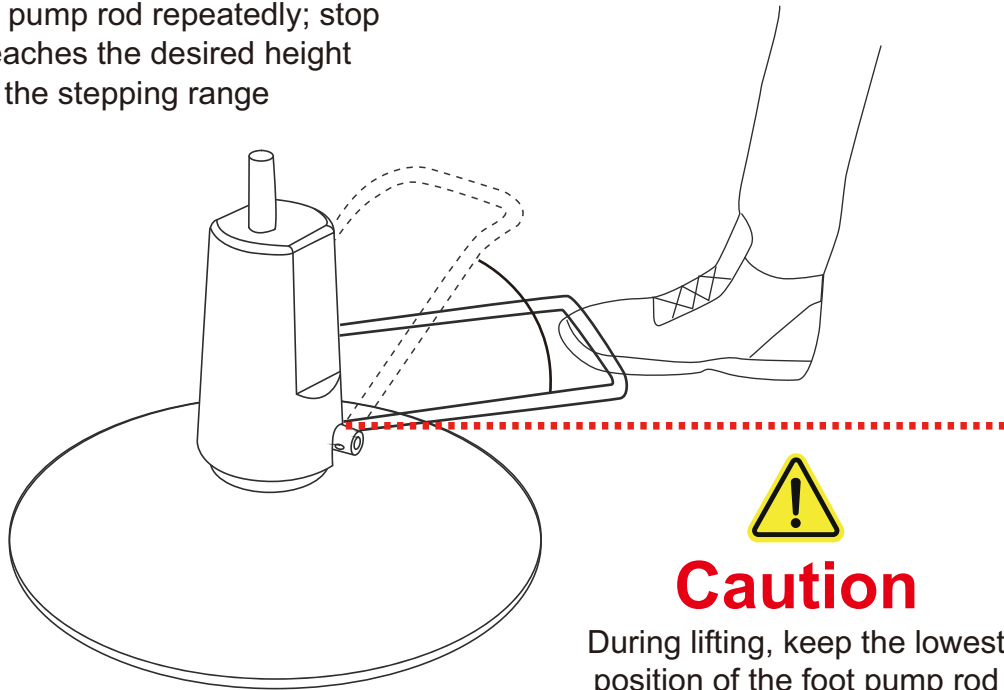

Tighten four screws on arms to 100%

Instruction for use

Seat Lifting Operation Method

Step on the foot pump rod repeatedly; stop once the seat reaches the desired height
Pay attention to the stepping range

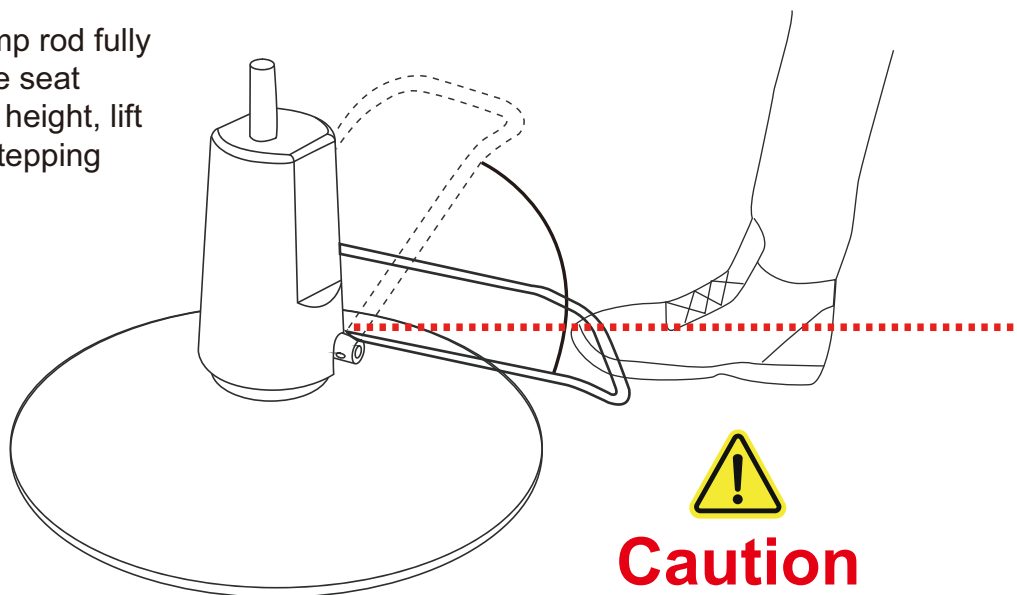

Caution

During lifting, keep the lowest position of the foot pump rod above the horizontal line

Seat Lowering Operation Method

Step on the foot pump rod fully and hold it; when the seat reaches the desired height, lift your foot and stop stepping

Caution

During lowering, press the foot pump rod to the lowest point (foot pump rod is below the horizontal line at this time)
