14" Integrated LED Wall Sconce

The combines the warmth of a Wood finish with clean contemporary lines and convenient motion-activated LED lighting. Inspired by the natural character of woodlands, the Silva's slim rectangular profile brings a warm architectural accent to hallways, foyers, bedrooms, and other modern interior spaces.

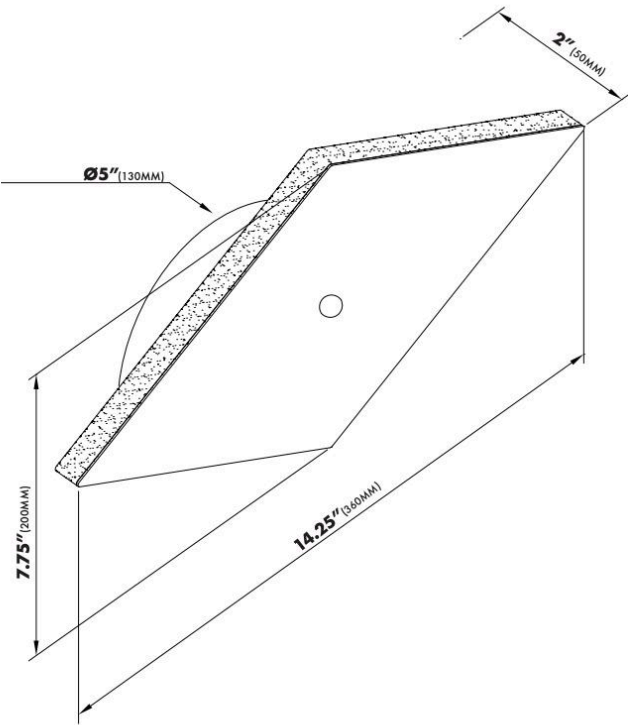

An integrated motion sensor automatically turns the light on when movement is detected. Once movement is no longer within range, the fixture resets after 15 seconds, providing convenient hands-free illumination for passageways and frequently used areas.

FEATURES:

- Integrated LED fixture
- 14" Modern Sconce with the Motion Sensor
- Motion Sensor Activated from 6.5 Feet Proximity
- Iron Body / Acrylic Prismatic Lens
- Dry Location Approved
- Residential & Commercial Application
