

# Juno Floor Clock 611312

**Premium Design:** This wooden grandfather clock features a seaside gray finish on select hardwoods and veneers, creating a truly premium piece. As a 94th Anniversary Edition, no details were left unnoticed in the creation of this large grandfather clock. A stepped wooden base piling capped with a satin nickel finished plate and cutouts for the oscillating pendulum all combine to ensure that this clock will become a memorable piece in any home.

**Stunning Dial Features:** The gray Juno grandfather clock features a large 24-inch diameter metal dial with suspended hour markers and hour and minute hands finished in satin nickel. Satin nickel-finished pendulum with a circular ring for the bob complements the dial, resulting in a unique design.

**Functionality:** This wooden grandfather clock is as functional as it is aesthetically pleasing. The dial and case are illuminated, with an easy to reach roller switch located inside the cutout in the right-side panel. The time only quartz, battery-operated, continuous sweep movement requires one AA sized battery and two C sized batteries. Finally, adjustable levelers under each corner provide stability on any flooring type.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
