STORAGE BENCH

ASSEMBLY INSTRUCTION

*Important - Please read these instructions fully before starting assembly

+ Check you have all the components and tools listed on the following pages

+ Remove all fittings from the plastic bags and separate them into their groups.

+Keep children and animals away from the work area, small parts could choke if swallowed.

+ Make sure you have enough space to layout the parts before starting.

+During assembly do not stand or put weight on the product, this could cause damage

+Assemble the item as close to its final position (in the same room) as possible.

+Assemble on a soft level surface to avoid damaging the unit or your floor.

+Parts of the assembly will be easier with 2 people.

+To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

*Care and maintenance

+Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

+From time to time check that there are no loose screws on this unit.

+This product should not be discarded with household waste. Take to your local authority waste disposal centre

*Handy Hints

+Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts

+Regularly check and ensure That all bolts and fittings are tightened properly.
