FEATURES:

Hello gorgeous is what everyone will be saying to the Kallista Mirror! The amped-up personality of this decorative mirror results from the intermingling of dark sapphire and glossy caviar black finishes, which create a subtle pattern on the sycamore and mahogany woodgrains. These bring the mirror's frame a hint of distressing that is juxtaposed against the sleek lines of the square frame and the round mirror. We offer a number of pieces in the Kallista family of products.
