

## 4" Dryer Offset Connector

Model No.	Description
AMDOC/6	4" dia. offset connector

Performance Data
<b>Maximum Velocity</b>
• 5000 FPM / 25 MPS
<b>Material</b>
• aluminum .014 (.38mm) 3000 series
• seam lock construction
<b>Operating Temperature Range</b>
• -100°F to 430°F / -73°C to 221°C intermittent

Technical Data
• round to oval transition 90°
• smooth wall construction helps to reduce lint
• flame spread/smoke developed o/o

General Information
• available in 4' (10.1 cm) diameter
• designed to fit closely to your dryer
• reduces space between dryer and wall
• all aluminum construction
• 360° rotation

AMDOC/6
