

ASSEMBLY INSTRUCTION

Congratulations:

You purchased one of the best lighting product available in the market.

In order to ensure safety and maximize the life time of the lamp, please make sure to read following precautions and instructions thoroughly before assembling your lamp.

Assembly Instructions:

Note: The electrical wire is connected continuously through the poles. Please **DO NOT** pull wire during unpacking. Bad connections may result. For easier installation, two people are recommended for the installation process.

1. Place Metal Ball Wire String Components (H) onto the Base (I) and tighten up tightly.
2. Screw Metal Ball Wire String Components (G) onto the Metal Ball Wire Sting Components (H).
3. Screw Socket (F) onto the Metal Ball Wire String Components (G).
4. To get rid of excess wire between (F) and (G), use around twenty pounds of force to pull the excess cord all the way out to the bottom of the lamp so it straightens inside of the lamp pole.
5. Place the Iron Tube (D) onto the Socket (F).
6. Place the Fabric Shade (C) onto the Iron Tube (D), place the Diffuser (B) on the Shade and tighten with Finial (A).
7. Place the LED Light Bulbs (E) into the Socket (F).

WARNING:

1. Use Type A Bulb of LED 8W maximum (Bulb included)

For your long lasting uses, please use we approved LED Bulbs only. Light bulb item #: L3-8TDM-E26-27.

Other brand may not be compatible to our LED lamp, it may cause the dimmer switch to burn out quickly, therefore void the manufacture warranty that comes with this lamp.

2. Do not use polishes or cleaners on your lamp.
JUST WIPE CLEAN WITH SOFT CLOTH.

Made in China
