

Riviera Stacking Sling Armchair

Description:

Stunning and thematic, the Riviera collection combines a solid teak frame with the highest quality textilene sling; all put together with marine-grade stainless steel. Textilene is woven from polyester yarn coated with PVC, resulting in an extremely durable material that is nearly impossible to tear. In addition to resistance from fading and mildew, the fabric's greatest feature is flexibility that molds to each user's shape, which allows for unprecedented comfort.
