

Cogwheel III Gallery Wall 625727

Accent your living room with the Cogwheel III oversized wall clock from Howard Miller. Three of its five gears function as clocks, and it has an aged finish to impart the look of a well-worn antique. The generous 49-inch width of this timepiece makes it a good accent for any size room.

Antique Industrial Style: This wooden wall clock has metal accents and an antique finish to bring rugged beauty to your home. The combination of aged galvanized steel and wood goes with almost any furnishings.

Three Clocks in One: Three of the five gears comprising this large wall clock are functional dials, and they can be set to different times. Arabic numerals mark the 3, 6, 9, and 12 positions with hour markers in between. Black hands coordinate with the aged galvanized steel numerals for a coordinated look.

Quartz Precision: This wooden wall clock has quartz, battery-powered movement. It requires three AA batteries.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
