

SWIVEL GLIDER GUIDE

ASSEMBLY

In order to connect the back support with the chair base, you must align the back support connector with chair base connector. The chair base will go inside the back support as shown. Press down until you hear a click. Once it is properly secured, you will not be able to lift it back up.

DISASSEMBLE

To remove the back support, you must pull up on the tab to the front of the back support connector. Once pulled, you will be able to lift the back support up from the base.

SWIVEL GLIDER GUIDE

FINISHING TOUCH

To finish with the assembly of your chair, you will need to pull down the flap of the back support and match it to the three strips of velcro on the chair base. One on each side and one directly under the chair base.

CLEANING TIPS

Back support cushion can be removed in order to wash the fabric cover. In order to remove the cushion, unzip the two zippers and pull cushion from velcro bottom.

TOP OF CHAIR

The inside cushions can be removed to wash the cover.

WARRANTY INFORMATION

SWIVEL GLIDERS strive to stand behind any of our furniture found to have defects in material or workmanships. Because we do not have control over the product or its usage after shipment, we provide a limited warranty to the original retail consumer for the stated warranty term as described in this hangtag.

LIMITATIONS AND EXCLUSIONS

This limited warranty is valid only to the original buyer of the furniture. It applies only to furniture intended for normal household and home office use and not in commercial installations. This warranty is also limited by the availability of parts.

Excluded from this limited warranty are defects and damage resulting from abuse, neglect exposure to extreme temperatures or humidity, alterations, unauthorized repair, or accidents including burns, cuts, scratches, tear, scuffs, watermarks, indentations or pet damage. Expected changes from normal wear, use and aging are also not covered by this limited warranty, including softening or flattening of cushions, foams and fibers in conformity to the shape of the user. Products featuring blown polyester pad cushioning are designed to maximize seating comfort and conform to the shape of the user and will develop a causal, conditioned look and feel which is not considered a manufacturing defect. For uniform wear and long life avoid sitting off center to the edge of the seat for extended periods of time. Sitting off center in the unit for extended periods of time may cause the seat to lean to the side and wear caused by this type of use is not considered a manufacturing defect.

Some products feature a "LIMITED LIFETIME" warranty to one or more components. The term "LIMITED" means the warranty does NOT cover misuse and normal wear as described in the preceding paragraph. The term "LIFETIME" means the normal useful life product.

Unless otherwise stated, shipping costs to and from the factory associated with warranty claims is the responsibility of the consumer after one (1) year from date of purchase not to exceed eighteen (18) months from the date of manufacture.

This limited warranty applies only to the product in its original fabric. Damage caused by the use of detergents, abrasives or other harsh cleaning agents is also not covered.

We will not be liable for any consequential or incidental damages, including any loss, expense, or damage other than to the furniture itself that may result from a defect in the furniture. Some states do not allow the exclusion or limitation of consequential and incidental damages, so the above limitation or exclusion may not apply to you.

We makes no implied warranties of merchantability or fitness for a particular purpose. These and all other implied warranties are specifically disclaimed. Some states do not allow an exclusion or limitation on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you.

This warranty gives you specific legal rights and you may also have other rights that vary from state to state. Except for such other rights, the remedies provided under warranty state the limit of responsibilities.

PRESENTATION OF WARRANTY CLAIMS

Warranty claims should be referred to the retail furniture dealer from whom the product was originally purchased. No warranty service will be performed without the thirteen digit ID number, model number and fabric number. This information is located on the ID tag attached to the frame of the unit.

Warranty repairs are handled through replacement of defective parts, returning the unit to the factory for repair, returning the unit for credit, or replacing the unit entirely. Our Customer Service Representative will make a determination at the time of a claim as to which method would be most effective.

To protect the health and welfare of our employees, our Company will decline to make repairs on any unit deemed unsanitary or a possible health hazard.

WARRANTY

These products feature a one (1) year warranty from date of purchase on the FRAME, FOAM, PADDING, and SINUOUS WIRE AND COIL SPRINGS.

Swivel Glider CHAIR BASES feature a one (1) year warranty from the date of purchase. This warranty provides for free replacement of the base, with no allowance for labor for installation.

Variations in finish colors of wood components are to be expected due to the difference species of wood and wood grains used in construction of the furniture. These variations are not considered manufacturing defects.

Our products feature a one (1) year warranty from the date of purchase for seam slippage and/or separation. Surface wear due to abuse is not warranted. Our cover suppliers used on any furniture and any protective coating used will void this warranty. Flattening of the nap, pilling, shedding, balling, snagging, matting, and shading are all common characteristics of some fabrics and are not considered defects in the material of workmanship. Due to constant change in cover styles and colors, we do not guarantee the availability of specific patterns or colors.

CONSUMER ADVISORY

Children should not be allowed to play on or operate moving chairs without adult supervision. Moving components of motion mechanisms and chairs can cause injury. Please keep all extremities away from moving parts.

For chairs with detachable bases, follow the enclosed base assembly instructions to ensure the stability and safe operation of the chair. An improperly installed base could cause the chair to tip over. We are not liable for injuries or damages resulting from misuse of the chair or ottoman. Ottomans are not designed for use as seating devices. Sitting on a stationary or moving ottoman could cause the ottoman to tip over or break.

Caution should be used when entering or exiting any chair equipped with a swivel, gliding or rocking base; abrupt movements or uneven distribution of weight can cause the chair to tip or the occupant to lose balance.

Keep upholstered furniture away from flames, lit cigarettes, and other sources of ignition. Be careful when smoking. Immediately remove any glowing embers or lit cigarettes which fall onto the furniture. Smoldering materials may cause upholstered furniture to combust.
