WARNING : ASSEMBLY NOTICE

Attention

Important Instructions for Assembling Your Furniture To ensure the longevity and integrity of your MDF furniture, please adhere to the following guidelines:

DO NOT USE AN ELECTRIC DRILL

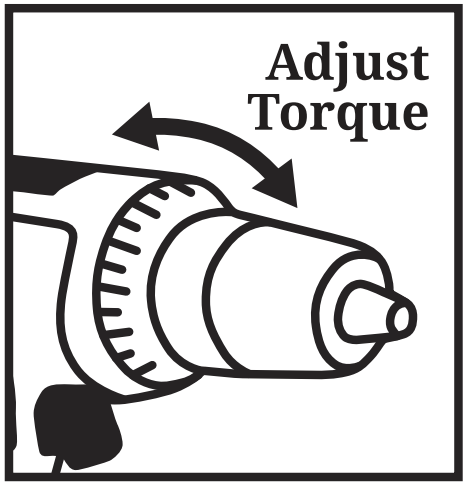

Using an electric drill can cause irreversible **damage to the MDF boards,** leading to compromised structural integrity and potential voiding of your warranty.

IF AN ELECTRIC DRILL MUST BE USED

· Set to Lowest Torque Setting :
Ensure your drill is set to the lowest possible torque setting to avoid over-tightening and damaging the material.

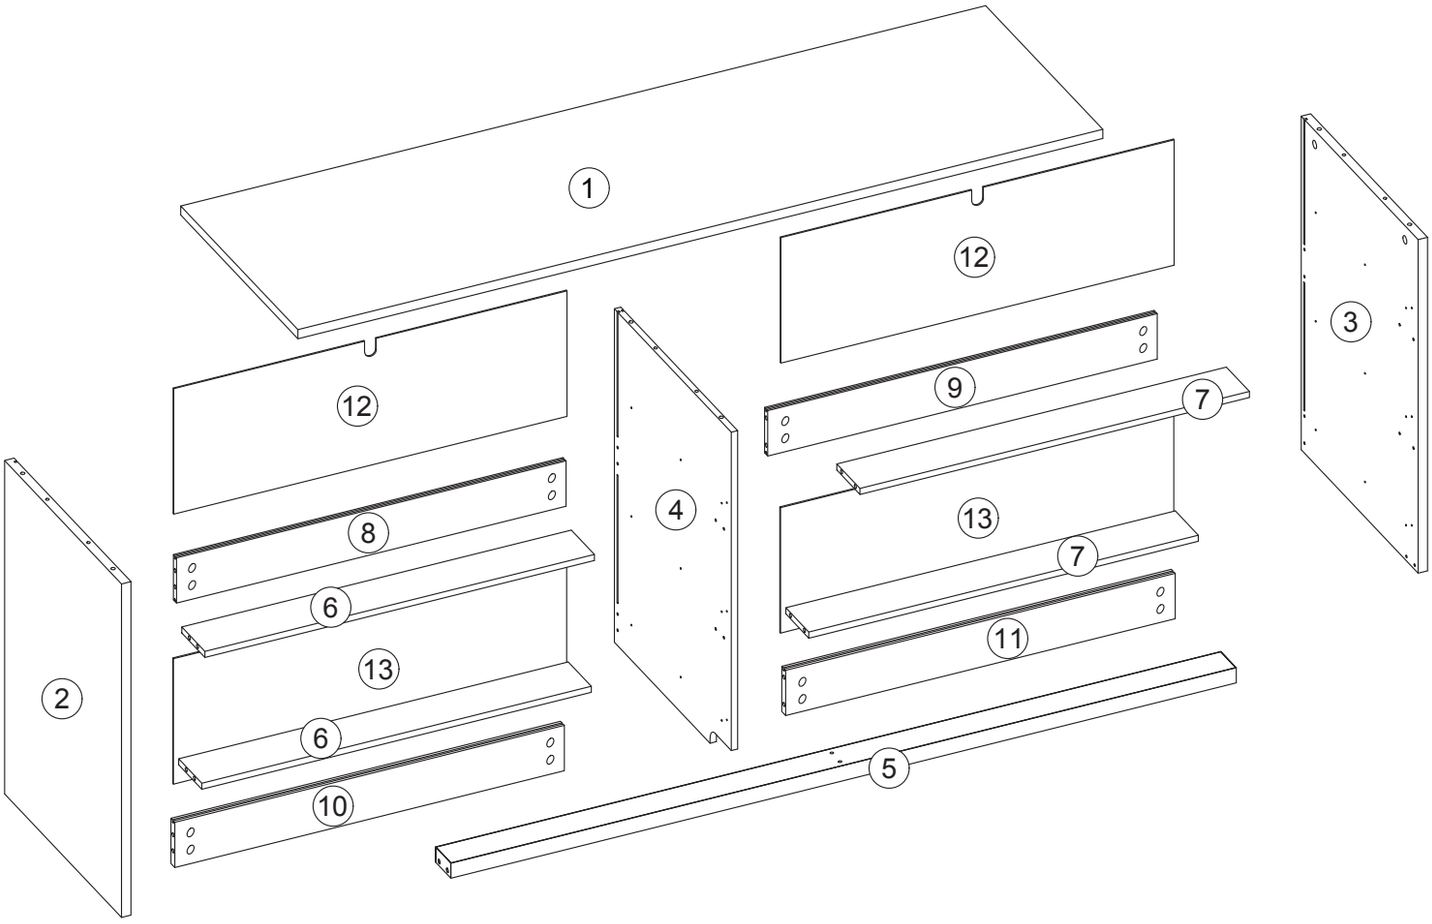

· Proceed with Caution :
Carefully monitor the drilling process to prevent excessive force and damage.

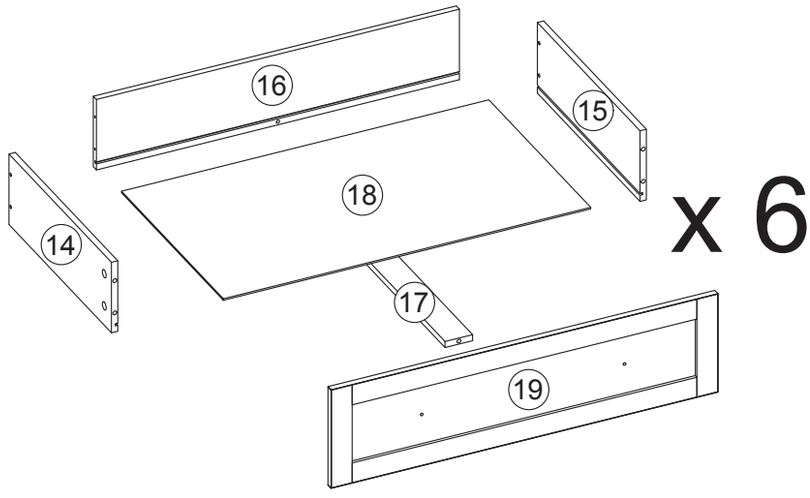

For best results and to avoid any damage, we highly recommend using the provided manual tools or a handheld screwdriver.

Thank you for your attention and understanding.

Important Installation Note：

Panel 5 can crack or split easily when putting together. To avoid damage, make sure all fasteners are locked tight, or prop the panel evenly with supports of identical height. If left unsupported, the pulling force from screws will rupture the panel’s mounting holes.
