

Arc Lamp-Bronze

1. Insert the tube (E) through base (D), and place washer (C) and nuts (B) under base (D), then screw nuts (B) by wrench (A) until tight.

2. Insert top part (G) into tube (E) and tighten it by screw (F). Make sure that all three sockets (H) face the front of the base and not the back as shown in the top view diagram.

4. Unscrew socket ring (J) and then place shade (I) onto socket (H).

5. Turn socket ring (J) onto socket (H).

GENERAL PRODUCT INFORMATION:

This product is suitable for dry locations only.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug as a feature to reduce the risk of electric shock (one blade is larger than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not use with an extension cord unless the plug can be fully inserted. **DO NOT ALTER THE PLUG.**

BULB TYPE : Use only with three type A 60W bulbs (not included).
