

WOVEN CONCEPTS™

THE ODYSSEY COLLECTION

A breakthrough, three dimensional and multi textural rug collection, inspired by NASA imagery. Distressed wool and natural silk are hand knotted to create three levels of visual and tactile finery. The *Odyssey Collection* pairs vintage textures with contemporary designs and colors. Through innovative design, The *Odyssey Collection* honors the pioneers of space aviation.

- Made in India
- Hand-knotted
- Approximately 100 hand knots per square inch
- Highest quality of natural, repurposed silk used for the raised pile
- Distressed imported wool is used for the lower pile
- Imported cotton is used for the foundation
- High quality dyeing process, using color-fast dyes
- Well-constructed and highly durable for mid-traffic applications
- The tensile strength of the repurposed silk used makes the rugs pliable, smooth, and resilient
- The lanolin content of the wool used makes the rugs durable and inherently stain resistant
- Has a distressed texture with a high-quality feel and relaxed and natural appearance
- Lean, rotating stock available. Lead time is 3-10 days. Inquire about availability per project.
- Custom size options available. Color variation allowance is up to 20%. Lead time is 4-7 months.
