PIPE SHELVES

We continue to be committed to provide you tools with competitive price. "Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually Saving Half in comparison with the top major brands.

PIPE SHELVES ASSEMBLE

1

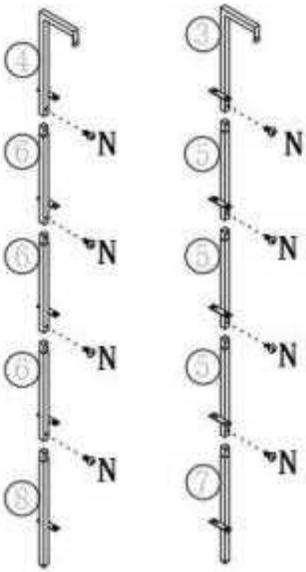

2pcs

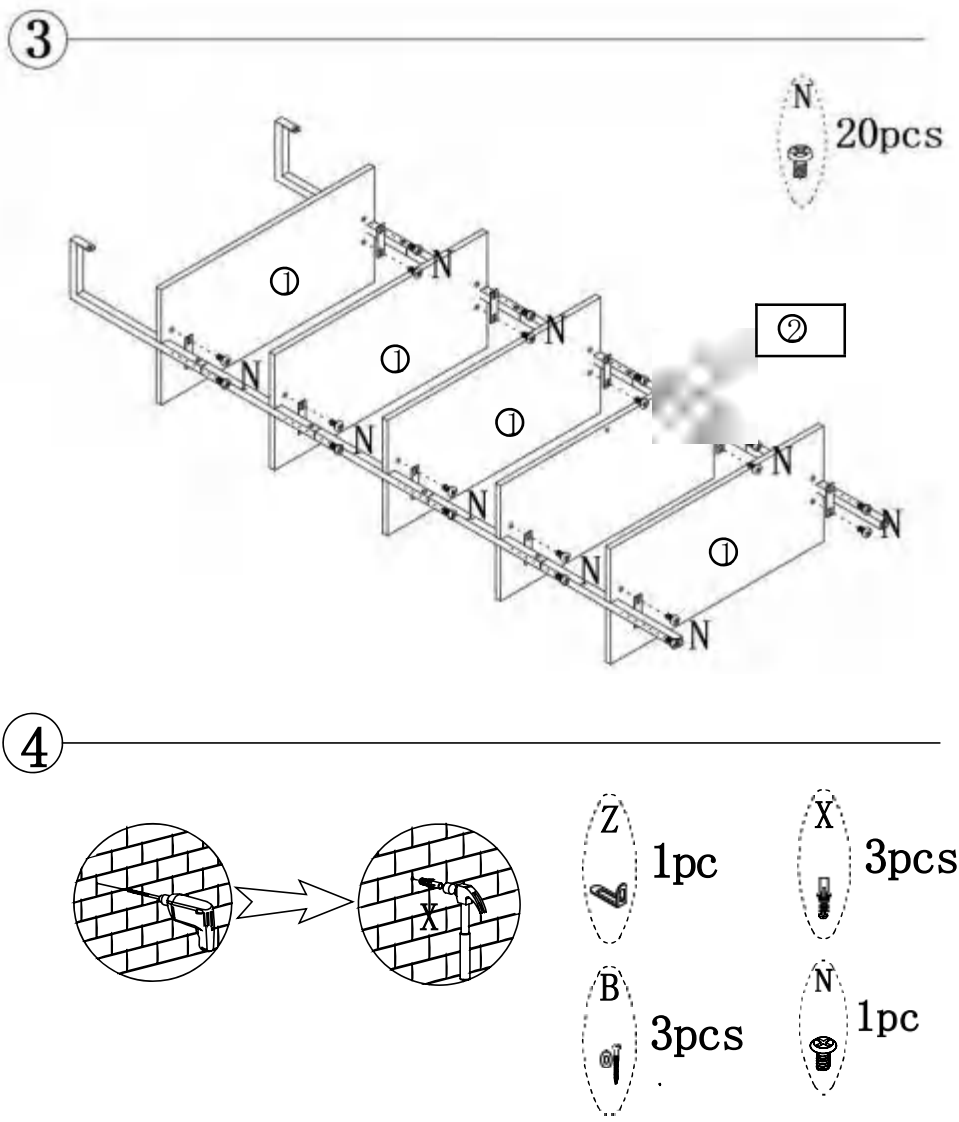

2

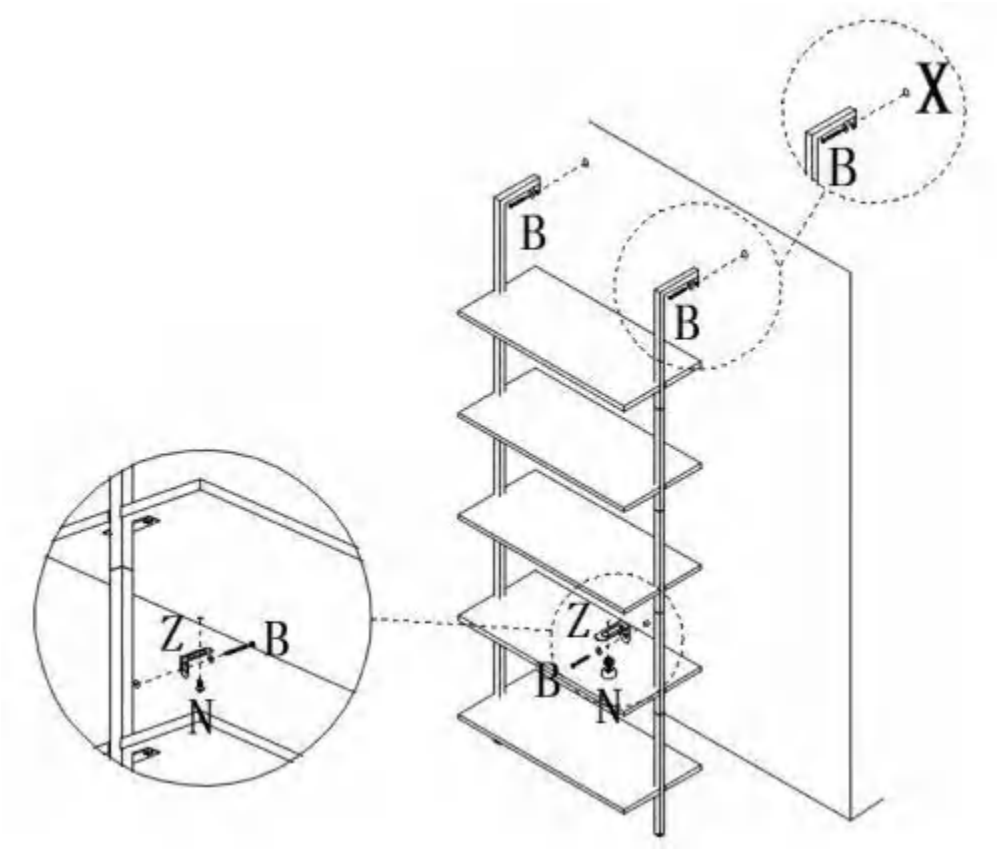

8pcs

The concrete wall uses an impact drill bit with a diameter of 8 mm.
Wood Wall: use a 4mm diameter drill.

Note: Install Screw B first,
then install screw N.
It is recommended that the Z be fixed on the penultimate board, which will make the whole shelf more stable.
