

## Bar Cabinet

# Assembly Instructions

# Safety And Care Advice

**Important – Please read these instructions fully before starting assembly.**

Please check if all the components and tools listed out are received.

Please remove all fittings from the plastic bags and separate them into homologous groups.

Please keep children and animals away from the working areas; swallow small parts may cause suffocation.

Please make sure you have enough space to lay out the parts before starting.

Do not stand on the product, which could cause damage.

Please assemble the product as close to its final position as possible.

Do not place furniture directly in front of radiators, fires, or any other source of heat.

The assembly will be easier with 2 people.

Please dispose of all packaging carefully and responsibly.

## General care and maintenance.

Please clean with a damp cloth or mild detergent, do not use bleach or abrasive cleaners.

Do not allow the spill to stay on the surface for a long time.

Do not clean with products containing the following: acetone (e.g., nail varnish remover), ammonia (e.g. bleach), or sodium hydroxide (e.g., caustic soda, drain, and oven cleaners).

If the product is accidentally exposed to the irritating liquid, rinse thoroughly with clean water

Mats can be used to protect surfaces from moisture and heat.

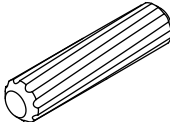

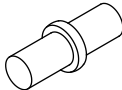

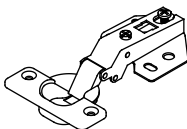

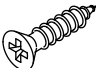

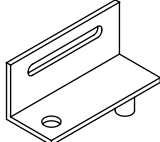

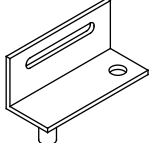

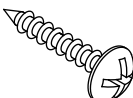

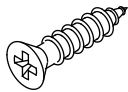

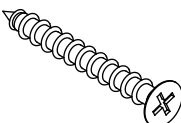

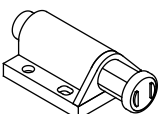

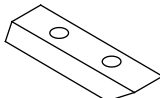

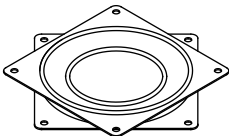

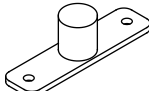

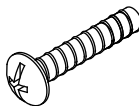

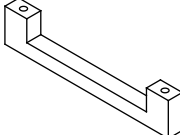

Please check whether there are missing screws in the product regularly.

The product should not be discarded with household waste, and please take it to your local authority waste disposal center.

# Assembly Instructions

**Caution: Inappropriate installation of screws will cause damages to the product!**

## Step 35

U x 2pcs

The screw and plug supplied can be used with most solid and hollow walls.  
For solidwood use the screw without plug.  
If you are uncertain, please seek professional advice.

Please note that after assembling the cabinet, please make sure to install the anti tipping device to prevent tipping and injury to people.
