

Whitelock Floor Clock 611259

The Whitelock by Howard Miller is a premium white grandfather clock with unique design features.

Custom Craftsmanship: Helping this white grandfather clock stand out is its gloss white finish on select hardwoods and veneers.

Modern Design: Crafted with a modern style, this white grandfather clock features a modern, flat top with simple but elegant lines and a platform base that elevates the clock off the floor.

Polished Chrome Details: A polished chrome-finished bezel surrounds the gloss white dial, which features polished chrome finished Arabic numerals, hour markers, minute track, and hands. Polished chrome-finished decorative weight shells paired with the polished chrome-finished, grid pendulum adds to the linear appeal of this clock.

Extra Features: This white grandfather clock is equipped with many extras. The clock features beveled glass on the front, plain glass on the sides, and the entire case interior is illuminated and enhanced by mirrored back and bottom panels. The upper back panel is removable, allowing access to the movement and pendulum driver. Additionally, four-floor levelers level the cabinet on any surface.

Quartz Movement: Quartz triple-chime Harmonic movement requires four C sized batteries and plays your choice of full Westminster or Ave Maria chimes. The clock features volume control and an automatic nighttime chime shut-off option.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
