Twinkling Sky 1

D2801S56011-4738

Twinkling Sky 1 is representative of abstract landscape art that fuses traditional landscape motifs with elements of abstract technique. This work on canvas radiates energy and movement utilizing strongly defined structural shapes that combine with fluid swathes of color. Contour and implied lines co-exist with irregular forms in a charming color palette of teal, charcoal, denim, and vanilla. Part of the carefully curated ART by TA collection.
