

Simply Kids

Foam Free Sprung Mattress

Ideal for bunks* and children's beds

Ideal for bunk beds and children's beds, the Jay-Be Simply Kids 100% Foam-Free mattress is thoughtfully designed with comfort, safety and environmental responsibility in mind. It features a medium firmness spring core that offers balanced support, a high-density (HD) e-Fibre™ insulator layer to minimise the feel of springs, and a breathable Rebound e-Fibre™ top layer for extra cushioning. This combination of fillings also promotes airflow to help wick away moisture for a fresher sleep environment, so your child can sleep more comfortably.
