Inspired by the interior of the Sienna Cathedral, our Positano Console Table showcases a bold yet sophisticated design. Crafted from intricately tessellated stone, the contrasting stripes create a mesmerizing visual effect reminiscent of classical architecture. The sleek, minimalist silhouette offers a modern edge, making it a striking centerpiece for any entryway, hallway, or living space. Perfect for adding a touch of architectural elegance with a contemporary twist, this console table blends timeless artistry with modern functionality. Coordinating accent table available.
