#### SAFETY TIPS

- If you use soldering for the installation of the faucet, the seats, cartridges and washers will have to be removed before using flame. Otherwise, warranty will be void on those parts.
- Cover your drain to avoid losing parts.

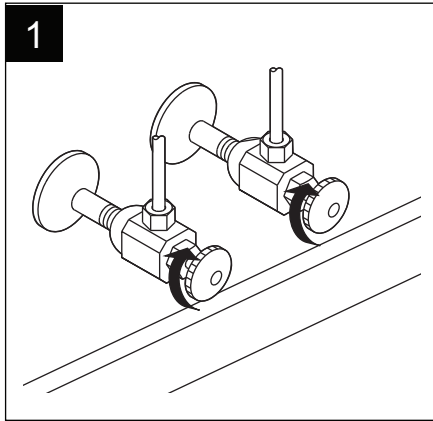

#### CONSIGNES DE SÉCURITÉ

- Si vous posez le robinet par brasage, il est essentiel de retirer les sièges, les cartouches et les rondelles avant d'appliquer la flamme, faute de quoi la garantie sur ces pièces sera annulée.
- Couvrez le drain pour ne pas perdre des pièces.

#### CONSEJOS DE SEGURIDAD

- En el caso de utilizar soldadura para instalar el grifo, remueva los asientos, cartuchos y arandelas antes de usar la llama. De lo contrario, se anulará la garantía para esos componentes.
- Tape la boca del desagüe para prevenir la pérdida de piezas pequeñas.
