

CARE AND MAINTENANCE

Always use felt pads under all articles to prevent discoloration or softening of the lacquer. Plastic and rubber bases on items can discolor wood. Wipe up spill immediately and avoid common hazards such as hot dishes, harsh solvents and abrasives. Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish. On highly used surfaces we recommend applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depends on how much wear the furniture receives.

NOTICE

* This item is ready to use.

Product Dimensions : 38" W x 19.5" D x 30.7" H

Weight Capacity : 73 lbs

HOW TO USE

Step 1 :
Open the leg frame

Step 2 :
Pull up the table top, then make sure the hole
parallel with the bracket.

Step 3 :
Put down the table top on the bracket.
