

# Installation Guide

## TV cabinet (double door version)

Bamboo and Wood/Original Life/Small Furniture

List of accessories (using transparent door models as an example)

# Start assembly

1. Remove the bottom layer and triangular foot stick and install them with small screws

2. Flip the shelf and remove the side bracket. Install it with a large screw on the right side (Align the side bracket with the single groove of the bottom layer board)

3. Remove the side bracket and install it with a large screw on the left side

4. Remove the middle bracket and install it with large screws (Align the ordinary bracket with the single groove of the bottom layer board)

5. Take out the backboard and insert it along the bracket groove

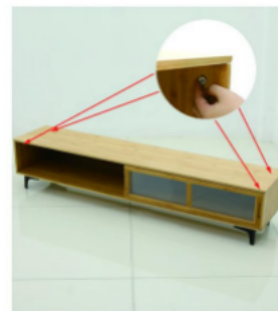

6. Remove the top layer plate hole and screw in the locking screw

7. Then align the top layer locking screws with the holes - insert into the bracket (Top layer board with double grooves in front)

8. Take out the door panel and gently pry open the top department board and the entrance board

9. Remove the locking nut - place it in the bracket hole and tighten it
