Precautions

1.Avoid long-term direct sunlight exposure

2.Stay away from fire

3.keep away from sharp objects

4.Keep infants/children away from assembly parts to avoid choking and suffocation.

5.keep away from corrosive substances

6.Pay attention to avoid over-tightening fasteners, or they may induce cracking within the board.

7.Prevent objects from being damaged by immersion in water

8.Prevent object collision and damage

9.Be careful to avoid collisions

Installation of Cams and Pins

Screw the pin into the hole. To set the cams correctly, ensure that the arrow on the cam is opening o the hole of the pin it is locking. Lock the cam by tturning the cam head with a screwdriver until it is tightened. Please do not use an electric screwdriver to assemble the unit.

Disassembly Diagram

friendly reminder

To avoid errors and confusion during the installation of accessories, use the type and quantity of hardware accessories according to the installation procedure described in the instructions. First, unroll the accessories bag and lay out the hardware accessories, cut holes in the side, and take out the hardware accessories

Installation takes

x 2~4hour

Step 31

Diagram illustrating Step 31 of the assembly process. The main structure is shown with parts labeled 2, 6, and 15. A callout 'D' points to a screw being inserted into the top rail (part 2). A callout 'C' points to a dowel being inserted into the side panel (part 6). A warning icon indicates that the product should be kept stable during this step to avoid damage caused by tilting. A small inset diagram shows the completed unit.

Illustration of a person standing on a ladder, indicating the required height for assembly.

3-years Warranty

We guarantee your product is free from defects in product materia and workmanship for three(3) years starting from the date of purchase during normal use of household conditions.If your appliance fails to operate properly within our warranty period,We will send the corresponding accessories,Replacement is free and all shipping costs are covered

Quick Response within 24 Hours

If you are still unable to resolve the issue, please contact us through the Amazon order page for customer support. Whether the product has been installed or not, our customer support team will respond within 24 hours and assist you promptly.

Problems You May Encounter

Part	Problem	Solution
Cloth drawers	Why use cloth drawers	1. Reducing tree extraction is more environmentally friendly 2. More convenient to use and assemble 3. Reduced the thickness of the side panel, resulting in a larger actual storage space
Whole Product	Parts are missing, defective or having wrong parts in package	You can contact us and we will get back to you within 24 hours
	Having issue(s) while reading the instruction or completing the assembly	Feel free to contact us and we will get back to you within 24 hours
	Encountering non-human caused damage during usage	If the product is damaged due to non-human causes, please keep the product and send us photos of it. We will ascertain the cause of the product damage within 48 hours and provide you with a satisfactory solution
Table Surface	Board surface is broken, scratched or lacks some screw holes	Feel free to contact us and we will get back to you within 24 hours
	The screw holes on the board and the steel frame don't line up	1. Please tighten the screws on the board by 70%, do not tighten completely 2. Adjust board and steel frame until the screw holes are lined up, then tighten all the screws
	The desk board is uneven or not tight, has gaps after being assembled	1. Loosen the screws in the uneven or gap positions; adjust until the desktops are flat and tight, then tighten the screws 2. If your problem still can't be solved, please feel free to contact us
Steel Frame	The steel frame is bent, broken, painted, rusted or damaged	Feel free to contact us and we will get back to you within 24 hours
	The table is unstable after being assembled	1. Check if the screws are tightened 2. Read through the manual, check if there are any parts installed incorrectly or missing assembly 3. If your problem still can't be solved, please feel free to contact us
	Encountering non-human caused damage during usage	If the product is damaged due to non-human causes, please keep the product and send us photos of it. We will ascertain the cause of the product damage within 48 hours and provide you with a satisfactory solution
