

BARCLAY BUTERA.

PARK CITY ASSEMBLY INSTRUCTIONS

930-877 Ironwood Rectangular Dining Table

To Assemble Table (Step 1):

1. Place table top upside-down on flat, clean, non-marring surface.
2. Position one pedestal so that holes in pedestal bridgeplate align with holes in table top.
3. Use Allen Wrench (D) to attach pedestal to table top with (8) of each: Flat Washers (B), Lock Washers (C), and Bolts (A). Fully tighten all bolts.
4. Repeat numbers 2 & 3 above for other pedestal.
5. Return assembled table to its upright position and place in desired location.

To Level Table (Step 2): Insert levelers into holes on bottom of pedestals and twist until hand-tight. Once all levelers are attached to pedestals, slightly tilt table forward or backward as required to reach levelers. Rotate levelers clockwise to raise and counter-clockwise to lower.

To Attach Leaf: Open table locks on underside of table, located between half-tops on each side. Pull on one end of table to separate half-tops. Open table enough to insert leaf. Place table leaf between half-tops so that pins on leaves align with holes on half-tops. Push table on each end until fully closed. Close table locks on underside of table between each leaf and half-top.
