Product Description: Casual yet refined and stylish, the Bristowe Bookcase sets a professional and inviting tone for any work-from-home or living space. Crafted of Pecan Veneers in a Tuxedo black paint finish with touches of warm brown, the bookcase has two doors with one adjustable shelf behind and 3 adjustable wood shelves. Special features include anti-tip hardware and a puck light at the top with a touch-switch on the right pilaster.

Collection Features: The Work Your Way program focuses on the new reality many consumers face as they continue to do much of their work from their homes. Available in five design styles, the program offers an assortment of key home office pieces for a variety of spaces & whether a dedicated executive home office or a more casual workstation. Ranging in scale and functionality, all of the groups within Work Your Way include an executive desk, a junior executive desk, a writing table, a lateral file, a credenza and hutch and a bookcase.

Status: New

Finish: Tuxedo, a casual black paint with touches of warm brown

Features: Anti-tip hardware

Two doors with one adjustable shelf behind

Three adjustable wood shelves

Puck light at top with touch switch on right pilaster

Levelers

Material: Pecan Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity,

depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
