

Technical drawing of a trapezoidal structure, likely a mold or a component, showing dimensions in inches. The overall width is 36" and the overall height is 24". The top width is 36" and the bottom width is 32". The top height is 10 9/16" and the bottom height is 13 7/16". The side height is 20". The top edge is divided into three sections: 10 9/16", 14 15/16", and 10 9/16". The bottom edge is divided into two sections: 2" and 32". The structure has a trapezoidal top section and a rectangular bottom section. The top section has a height of 10 9/16" and a top width of 36". The bottom section has a height of 13 7/16" and a bottom width of 32". The side height is 20". The top edge is divided into three sections: 10 9/16", 14 15/16", and 10 9/16". The bottom edge is divided into two sections: 2" and 32".

Technical drawing of a vertical rectangular object. The drawing shows a side view with a total height of 24 inches and a total width of 1 1/2 inches. The object has a base that is 2 inches wide. The top edge is slightly recessed, creating a thin horizontal line across the top. The drawing uses solid lines for the object's edges and dashed lines for the dimension lines.
