TOOLS

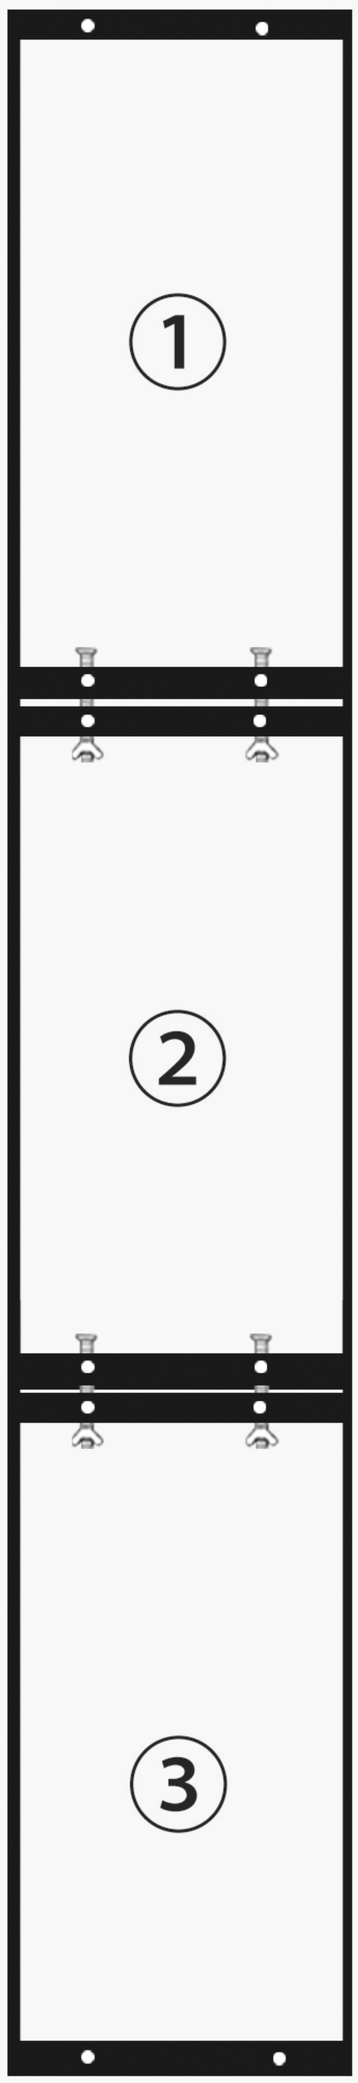

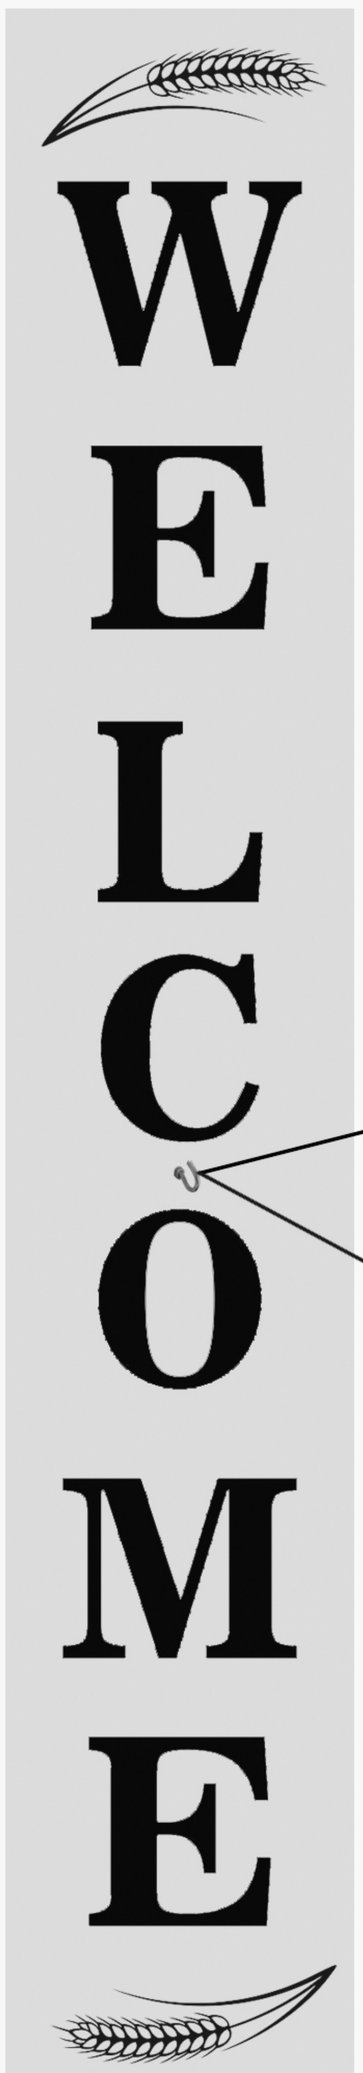

STEP 1
(BACK VIEW)

Insert the screw into the hole to joint two wood plates together, then tighten the nut.

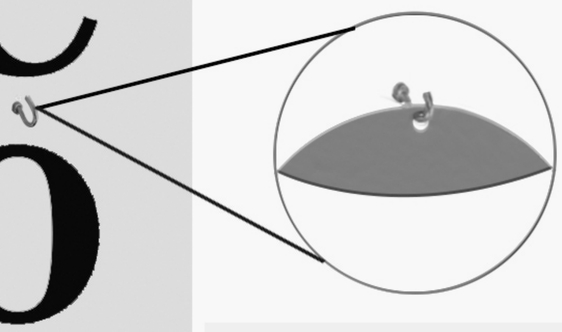

STEP 2
(BACK VIEW)

STEP 3
(FRONT VIEW)

✷ Don't remove this nut, just keep it for fixing the front. We need two nuts, one for front and the other for back.

Insert this hook from front hole then tighten the nuts. Please make sure you have tighten the nuts both front and back sides before using the hook to hang icons.
