pen

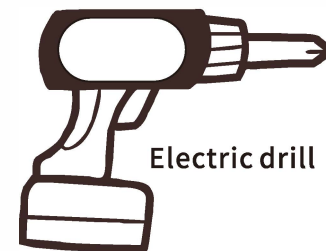

tape

Hammer

Screwdriver

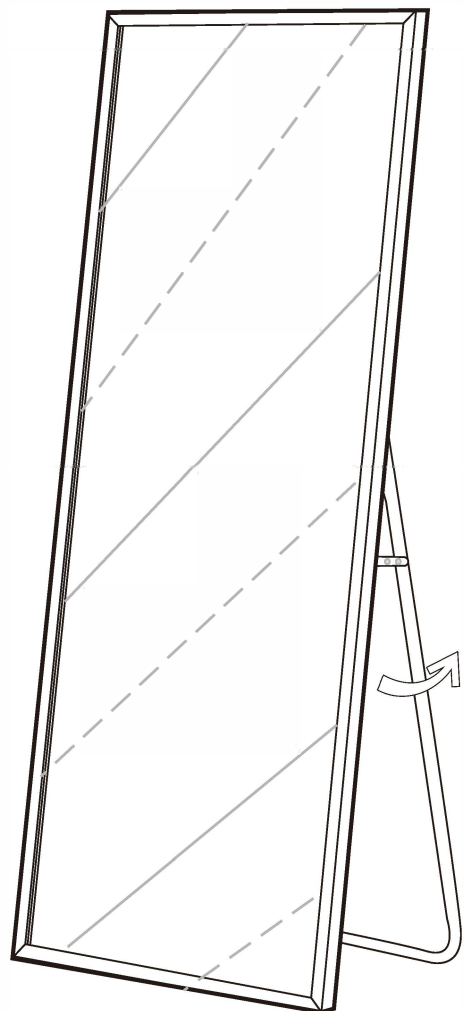

Electric drill

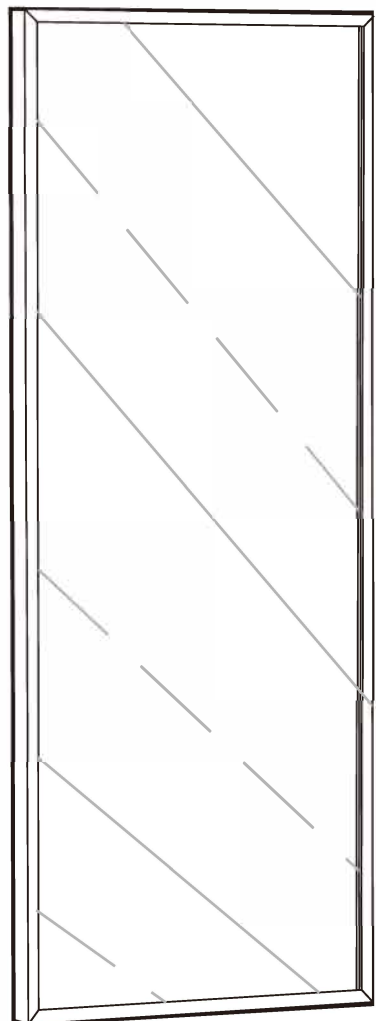

Care Advice

- Before using, wipe with a dry and clean cloth.
- Check all the screws and bolts are tight every three months or as needed.
- Clean with glass cleaner or detergent.

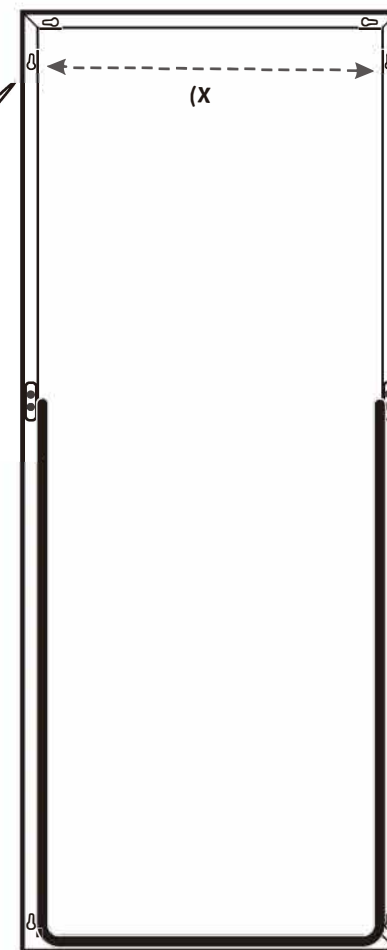

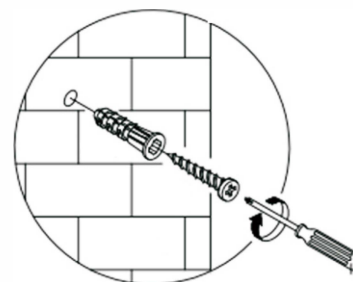

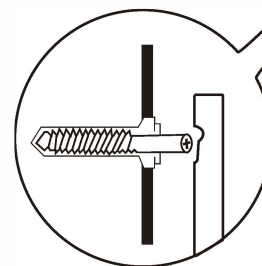

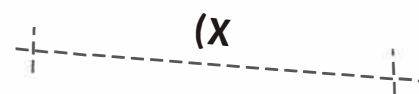

Standing mirror

STANDING

LEANING

Measure the distance between the hole on the mirror frame and measure the same size on the wall. Then use a tool to punch holes in the wall and install screws. Finally, after confirming that the wall can bear the weight of the mirror, you can hang the mirror on the wall
