

LEED Green Building Submittal Sheet- Shower Pan Liner Supplies and Bathtub Boxes

	Description of Section's Relevance	Shower Pan Liners	Pan Liner Solvents	Bathtub Boxes and Protectors
Product Offerings	Various products offered by Oatey SCS [®] that apply to information as follows.	• Oatey PVC Shower Pan Liner • Oatey CPE Shower Pan Liner • Harvey PVC Shower Pan Liner	• Oatey LO-VOC X-15™ PVC Solvent • Oateyweld™ • Harvey Shower Pan Liner Bonding Adhesive	• Oatey Bath Tub Protector • Oatey Tub Boxes • Oatey Dam Corner • Harvey Bath Tub Protector • Harvey Tub Box
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	The strictest VOC regulatory limit for Oatey X-15™ and Harvey Liner Adhesive is 510 g/L. The strictest VOC regulatory limit for Oateyweld™ is 250 g/L.	There are no VOC regulations for these products.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	Oatey X-15™ and Harvey Liner Adhesive- 470 g/L Oateyweld™- 510 g/L	These products have no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.

PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	There is no lead, cadmium, or copper present in these products.	There is no lead, cadmium, or copper present in these products.	There is no lead, cadmium, or copper present in these products.
Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	PVC liners contain Polyvinyl Chloride and CPE liners contain Chlorinated Polyethylene, both are red listed by the LBC.	Oateyweld™ contains a small amount of Chlorinated Polyethylene Resin, which has been red listed by the LBC.	Oatey Dam Corners contain Polyvinyl Chloride, which has been red listed by the LBC.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	These products contain no conflict minerals.	These products contain no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: - Mountain Top, Pennsylvania (Oatey PVC liners) - Baton Rouge, Louisiana (CPE Liners) - Taiwan (Harvey PVC liners)	Locations of manufacturing: - Omaha, Nebraska (X-15 and Harvey Shower Adhesive) - Baton Rouge, Louisiana (Oateyweld)	Locations of manufacturing: - China (Dam Corner) - Cleveland, Ohio (Tub Box) - Lithia Springs, Georgia (Tub Protectors)
Additional Information	Additional product information relative to LEED or environmental health and safety.	There is no additional information for these products.	There is no additional information for these products.	There is no additional information for these products.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
