1. Always use a soft surface (such as carpet or cardboard) when assembling your product to avoid scratching or damaging the surface of the product.
2. This product only includes a hex wrench, the electric screwdriver not include. If an electric screwdriver is used for installation, the torque of the electric screwdriver should be adjusted to a low setting to prevent excessive torque from damaging the product.
3. Before installation, please carefully check whether there is any sawdust left in the holes of each plate. If there is any sawdust, please clean it up in time to avoid affecting the subsequent installation.

4. If it seems parts aren't fitting together you likely have something wrong and you should reread the instructions to ensure you are aligning the proper components.
5. When assembling the product, do not tighten the screws all the way at the first, tighten them to 70% , and then once all the screws are assembled, tighten them to 100%.

Step 1

Please note that the screw A and B have different lengths: the shorter one is A and the longer one is B. Please distinguish carefully to avoid using incorrectly.

Twist 4 screw E into the ① , Use 1 pc screw A and B to connect ④ , ③ and ① .

Step 2

Use 1 pc screw A and B to attach board ② and leg ④ to the already assembled frame.

Step 3

Use 3 screws C to connect ⑦ to the previous frame.

Step 4

Flip the easel to the other side, use 3 pcs screws C to attach component (8), and use 2 pcs screws A and B to attach the 2 legs (4).

Step 5

Place the pen holders (9) in the groove on the stand.

Step 6

Slip the roll of paper ⑥ onto the wooden stick ⑤ and secure it into the groove of the easel.

Step 7

When using the scroll, first loosen the four plastic screws circled in the drawing slightly. Then place the rolled paper down, and finally, tighten the screws again.

Step 8

Rotate the star screw to adjust the height of the easel.
