Read before starting!

1. After installation, please open all windows and doors. Leave them open to ventilate the area for a period of time before using

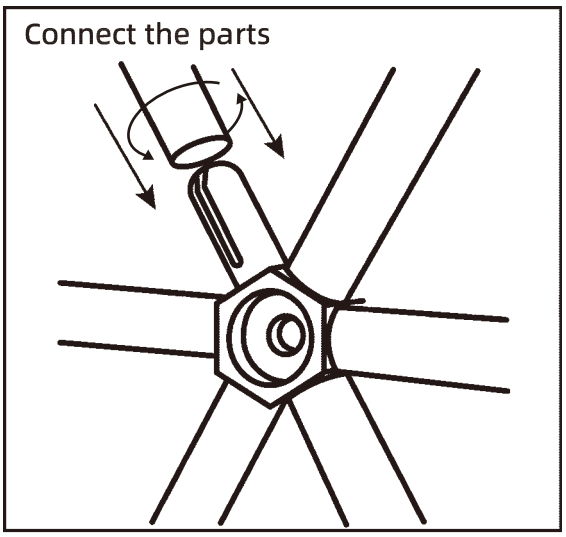

2. Any folds or creases in the PVC material are transitory and will naturally smooth out within 24 hours of setup or after brief exposure to sunlight

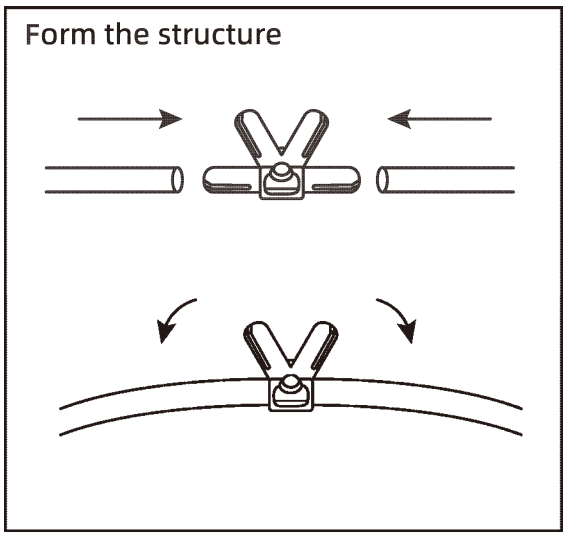

Warning:

- It is highly recommended to fix your Garden Cottage to the ground. (See p.20)
- Both covers might be damaged when in contact with cigarettes and other flame sources.
- Do not machine - wash, bleach, tumble dry, iron, dry - clean. Use a moist microfiber cloth for cleaning the cover.

CAUTION: Pinch Hazard! Wear gloves and mind your fingers when connecting support tubes.

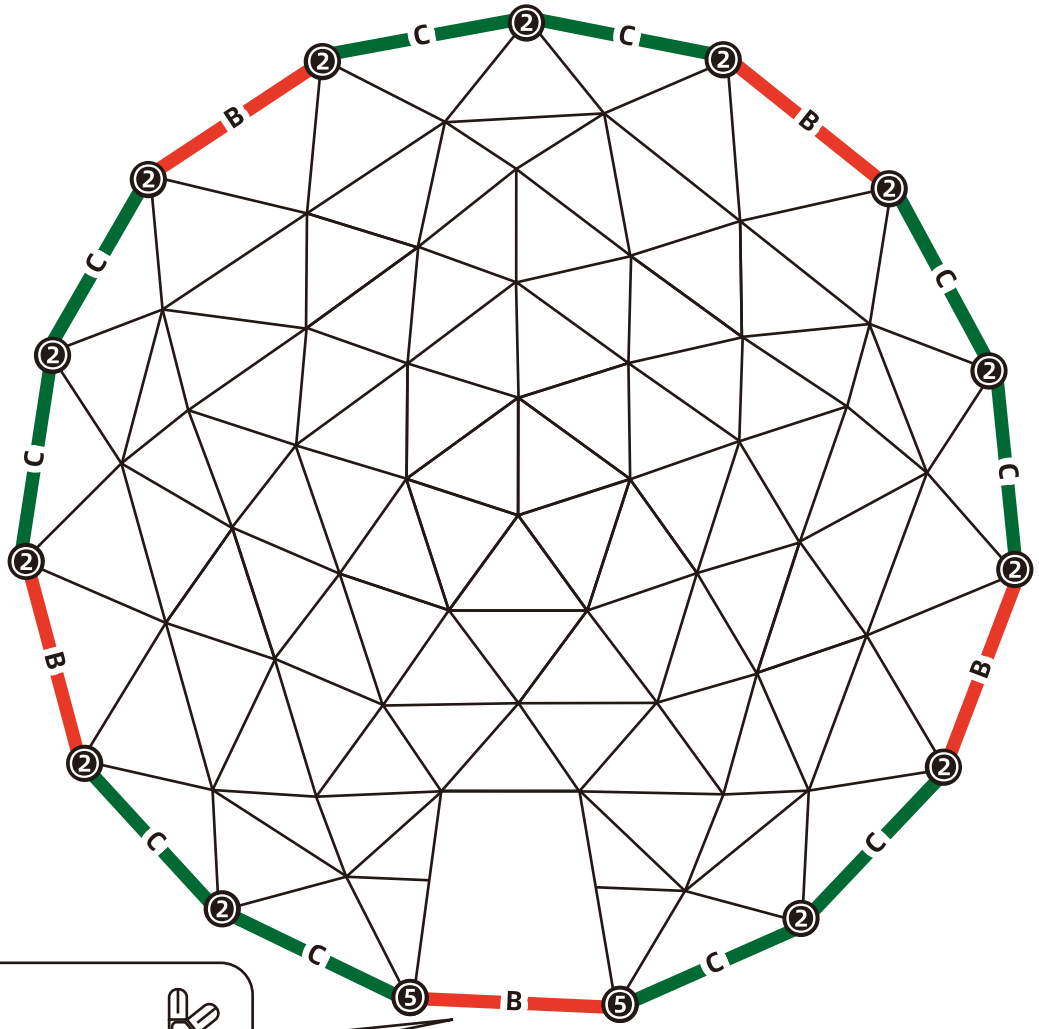

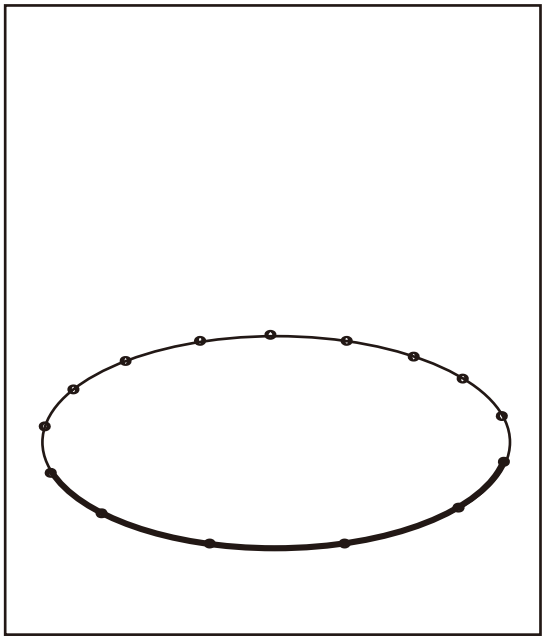

During installation, you can rotate it left and right and slowly push the posts in to make installation easier.

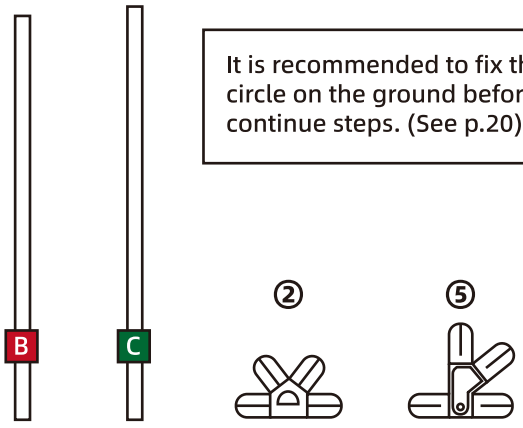

When the parts forming property installed, will bend slightly to form a curve.
