Assembly Instruction

LGR144AF

General Guidelines

- Please read the following instructions carefully and use the product accordingly.
- Please keep this manual and hand it over when you transfer the product.
- This manual may not cover every variation or every assembly step. Please contact us when further information and help are needed.

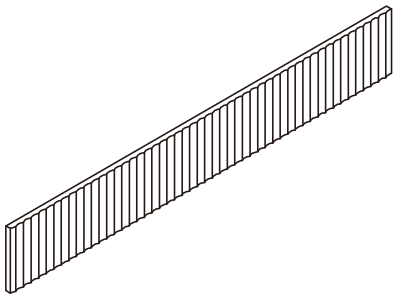

Notes

- The product is intended for indoor use only. The product must be assembled and used in accordance with the provisions of the manual. Personal injury and/or damage to the product may occur if product is used outside of their intended purposes and/or if product has been changed/modified from their original design.
- The seller does not assume any responsibility or liability with respect to any injury/damage caused by incorrect assembly or improper use.
- Avoid long-term exposure to humid environments to prevent mildew.
- Keep the product away from heat sources and high temperatures. Do not expose the product to direct sunlight.
- Do not place any hot objects on the surface of the product.
- If there are any defective or missing parts after unpacking, please cease assembly immediately and contact us.
- Please assemble the item on a spacious surface and do not place the unwrapped product directly on the ground to avoid product damage.
- Please do not stand or sit on the wooden boards.
- Please wear gloves during the assembly and/or disassembly process to avoid scratches from any sharp edges.
- Please match the corresponding part and fitting based on the part number in the manual.
- If the part does not match with the fitting, please check the piece as specified in this manual.
- During assembly, first loosely align all screws with the corresponding pre-drilled holes and then tighten the screws one by one.
- Periodically inspect screw tightness while the product is in use. If necessary, retighten to ensure structural integrity.
- If you accidentally spill water or another liquid on the surface, immediately wipe clean with a dry towel.
- Please keep the product away from sharp, pointed objects and corrosive substances to prevent product damage.
- Please place this item on level, solid ground during use.

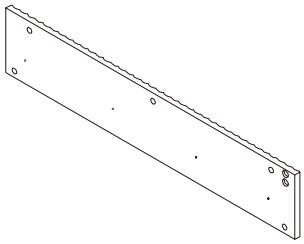

Warnings

- During assembly, keep all small parts out of the reach of children. It may be fatal if swallowed or inhaled.
- Children should not climb or play on the product in order to avoid tipping over the furniture and causing serious injury.
- To avoid the potential dangers of suffocation, please keep all parts and packaging (film, plastic bags, foam, etc.) away from babies and children.
- Keep sharp objects and corrosive items away from the product to avoid any damage or injury.
- Do not shake or move violently during use to avoid tipping over the product.

STEP 1

Note: For Part 9 and Part 10, ensure the flat side faces upward and the side with holes faces downward.

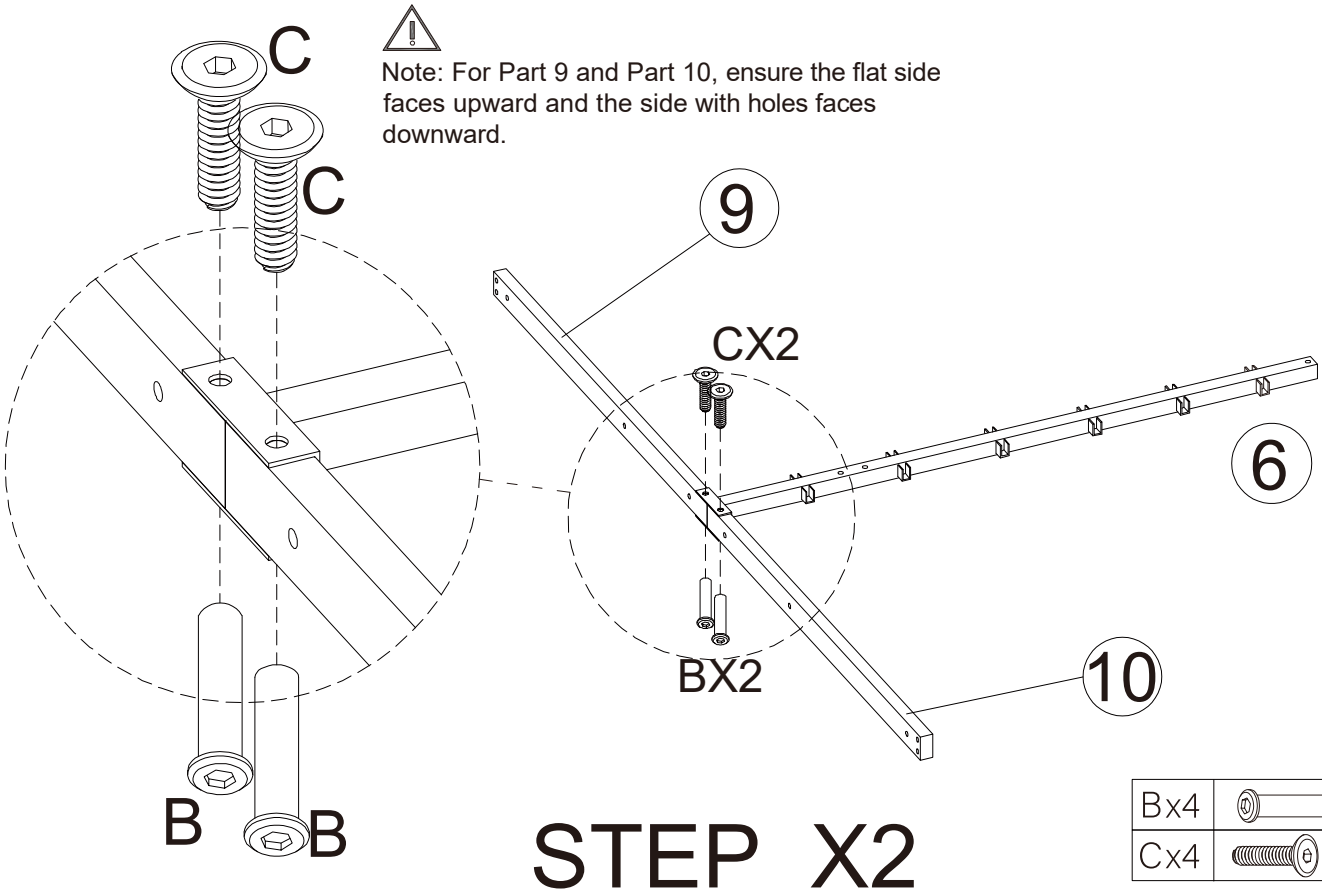

Note the front and back sides of tube 6, with the grooves facing up.

STEP X2

STEP 2

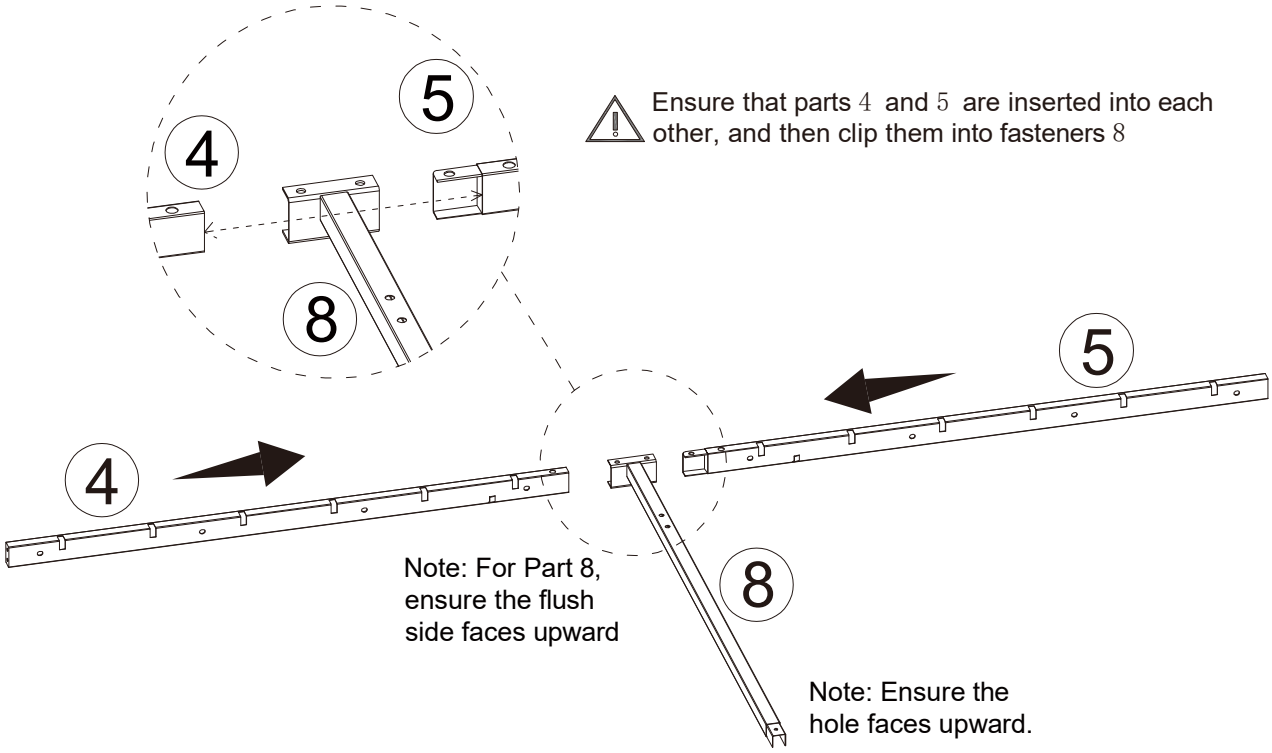

Note: For Part 9 and Part 10, ensure the flat side faces upward and the side with holes faces downward.

STEP X2

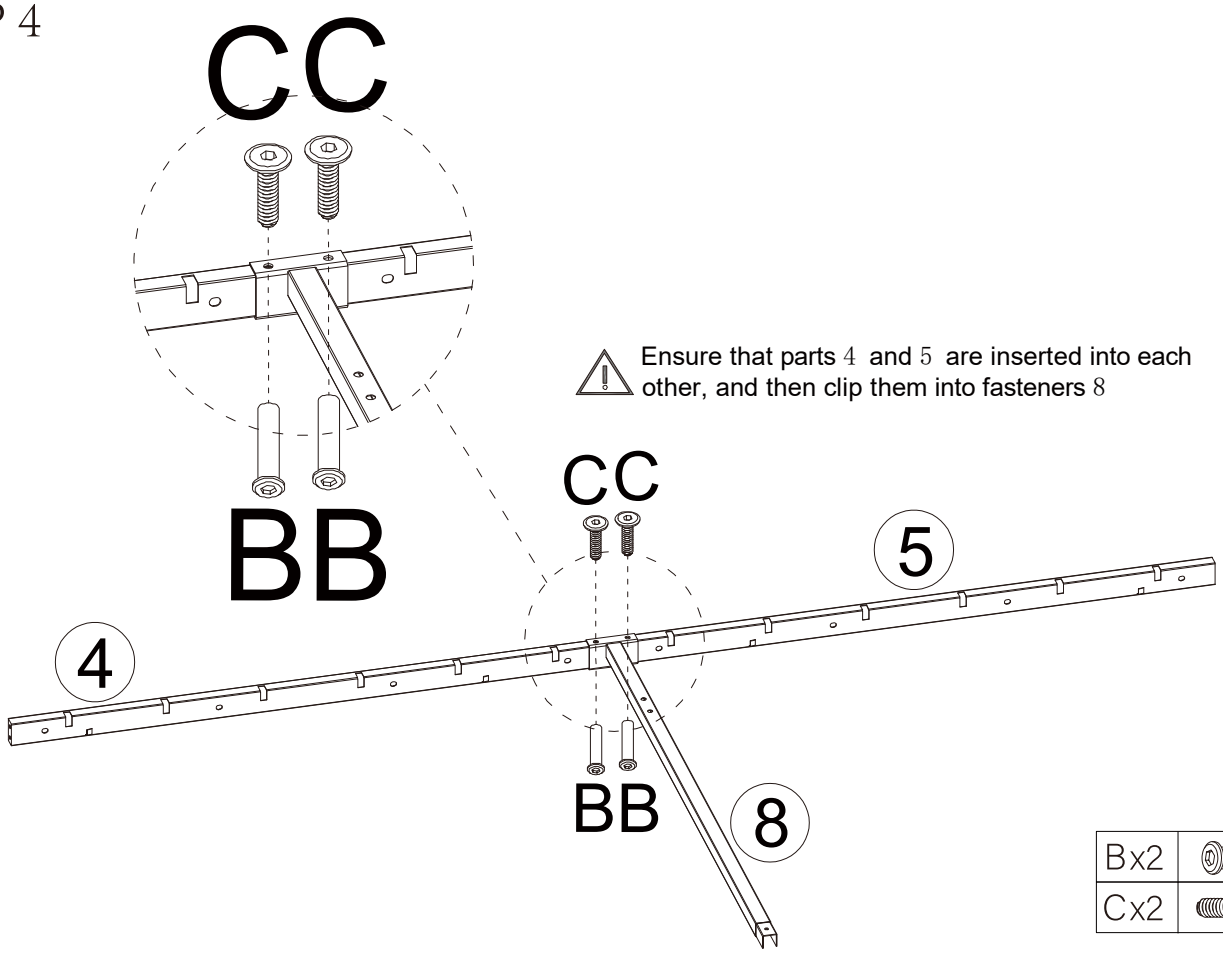

Bx4	
Cx4	

STEP 3

Make sure the top surfaces of tubes 8 are aligned with tubes 4, 5

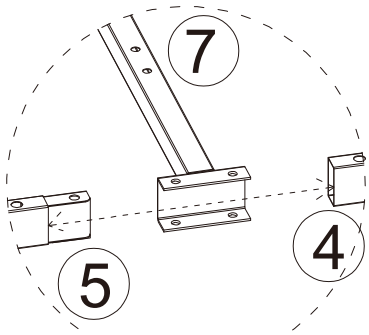

STEP 4

Bx2	
Cx2	

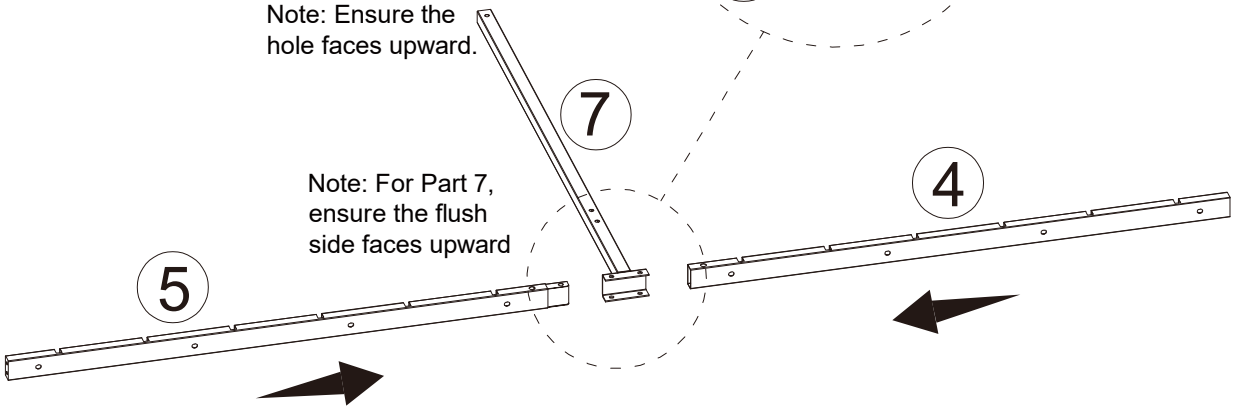

STEP 5

Make sure the top surfaces of tubes 7 are aligned with tubes 4, 5

Note: Ensure the hole faces upward.

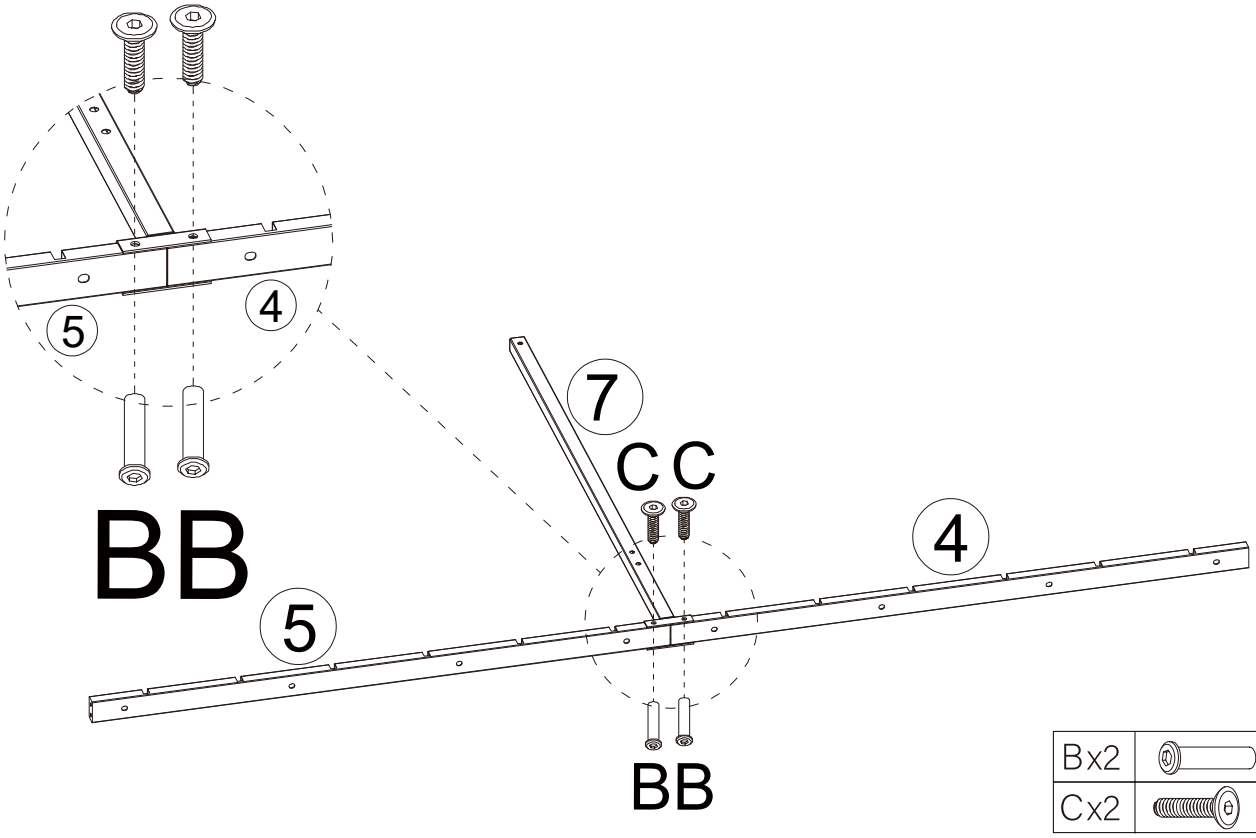

Note: For Part 7, ensure the flush side faces upward

⚠ Ensure that parts 4 and 5 are inserted into each other, and then clip them into fasteners 7

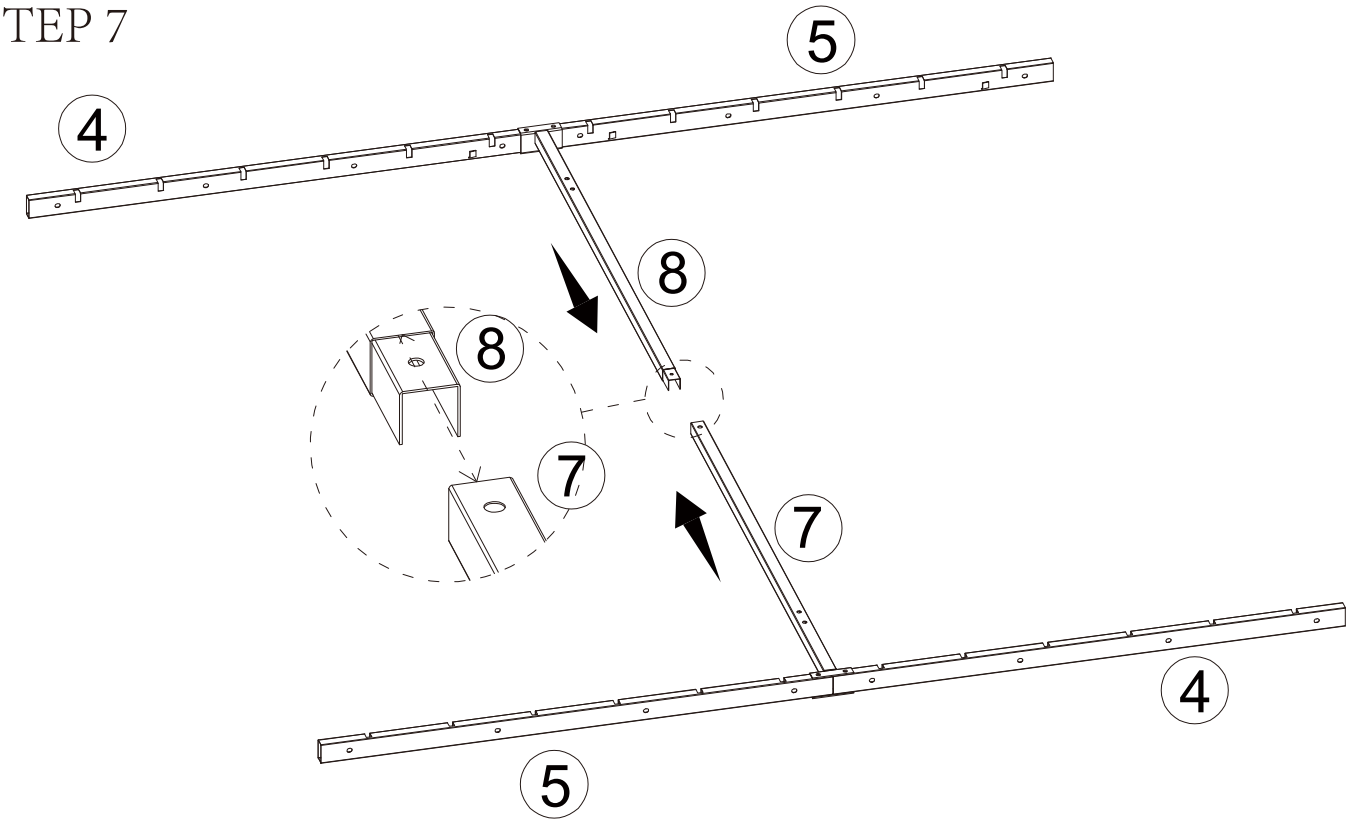

STEP 6

C C ⚠ Ensure that parts 4 and 5 are inserted into each other, and then clip them into fasteners 7

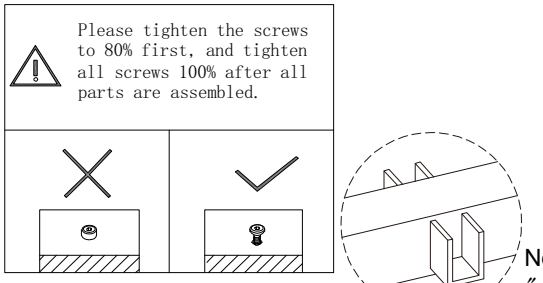

Bx2	
Cx2	

STEP 7

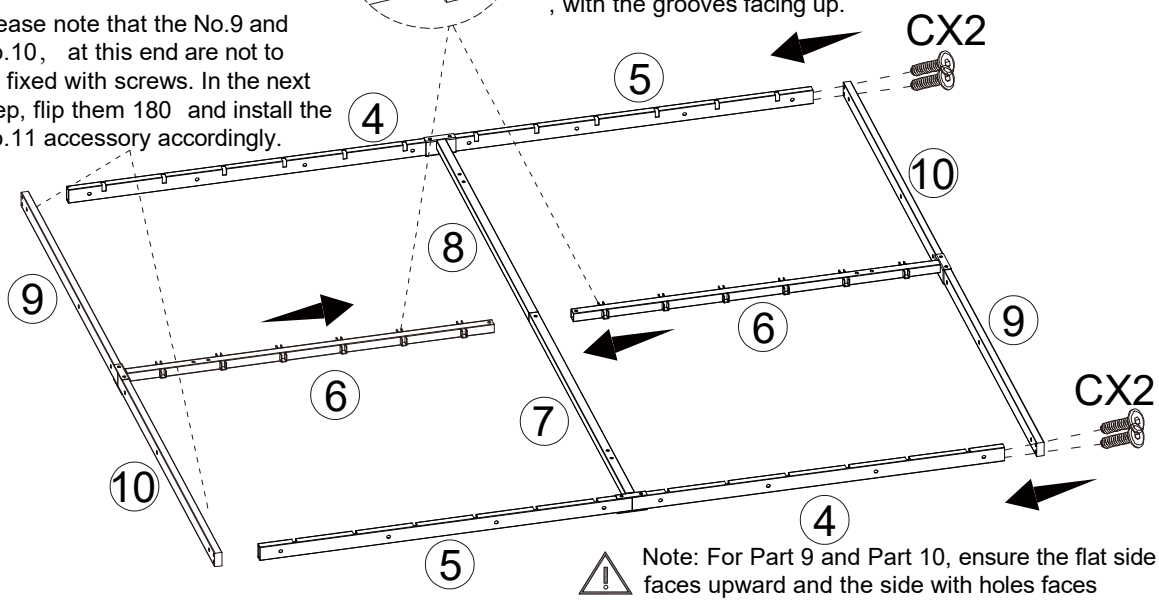

Make sure the top surfaces of tubes 7 and 8 are aligned with tubes 4 and 5.

STEP 8

Note the front and back sides of tube ″ , with the grooves facing up.

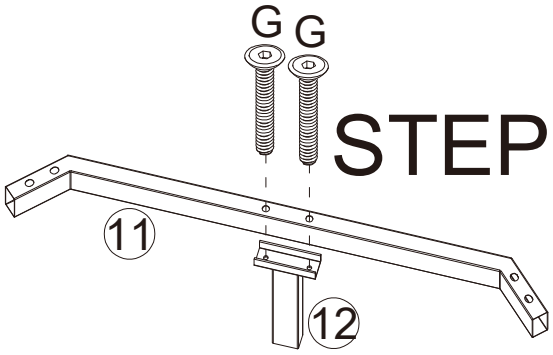

Please note that the No.9 and No.10， at this end are not to be fixed with screws. In the next step, flip them 180 and install the No.11 accessory accordingly.

Note: For Part 9 and Part 10, ensure the flat side faces upward and the side with holes faces downward.

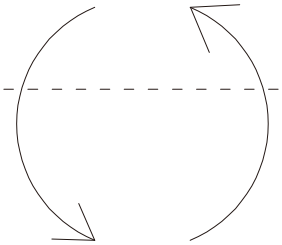

STEP 9

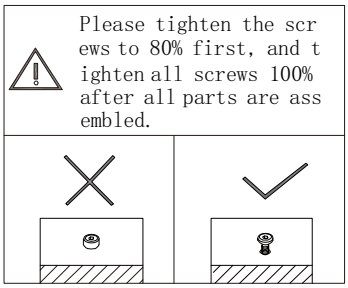

STEP X4

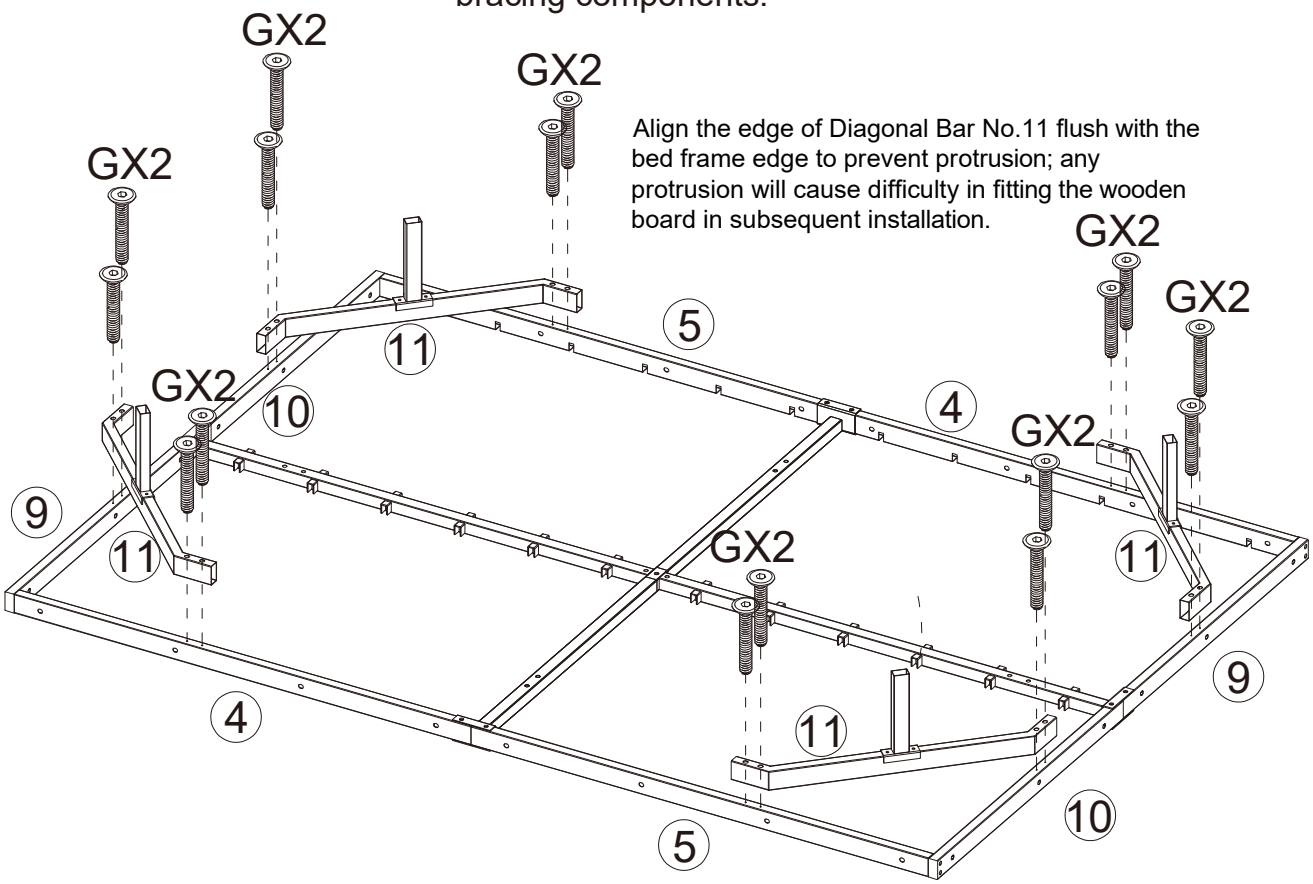

After installing Part 11 and Part 12, rotate them 180 and mount them onto the bed frame.

Please tighten the screws to 80% first, and tighten all screws 100% after all parts are assembled.

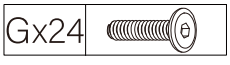

Rotate the bed frame 180° to position the small holes on the bottom facing upward, then install the diagonal bracing components.

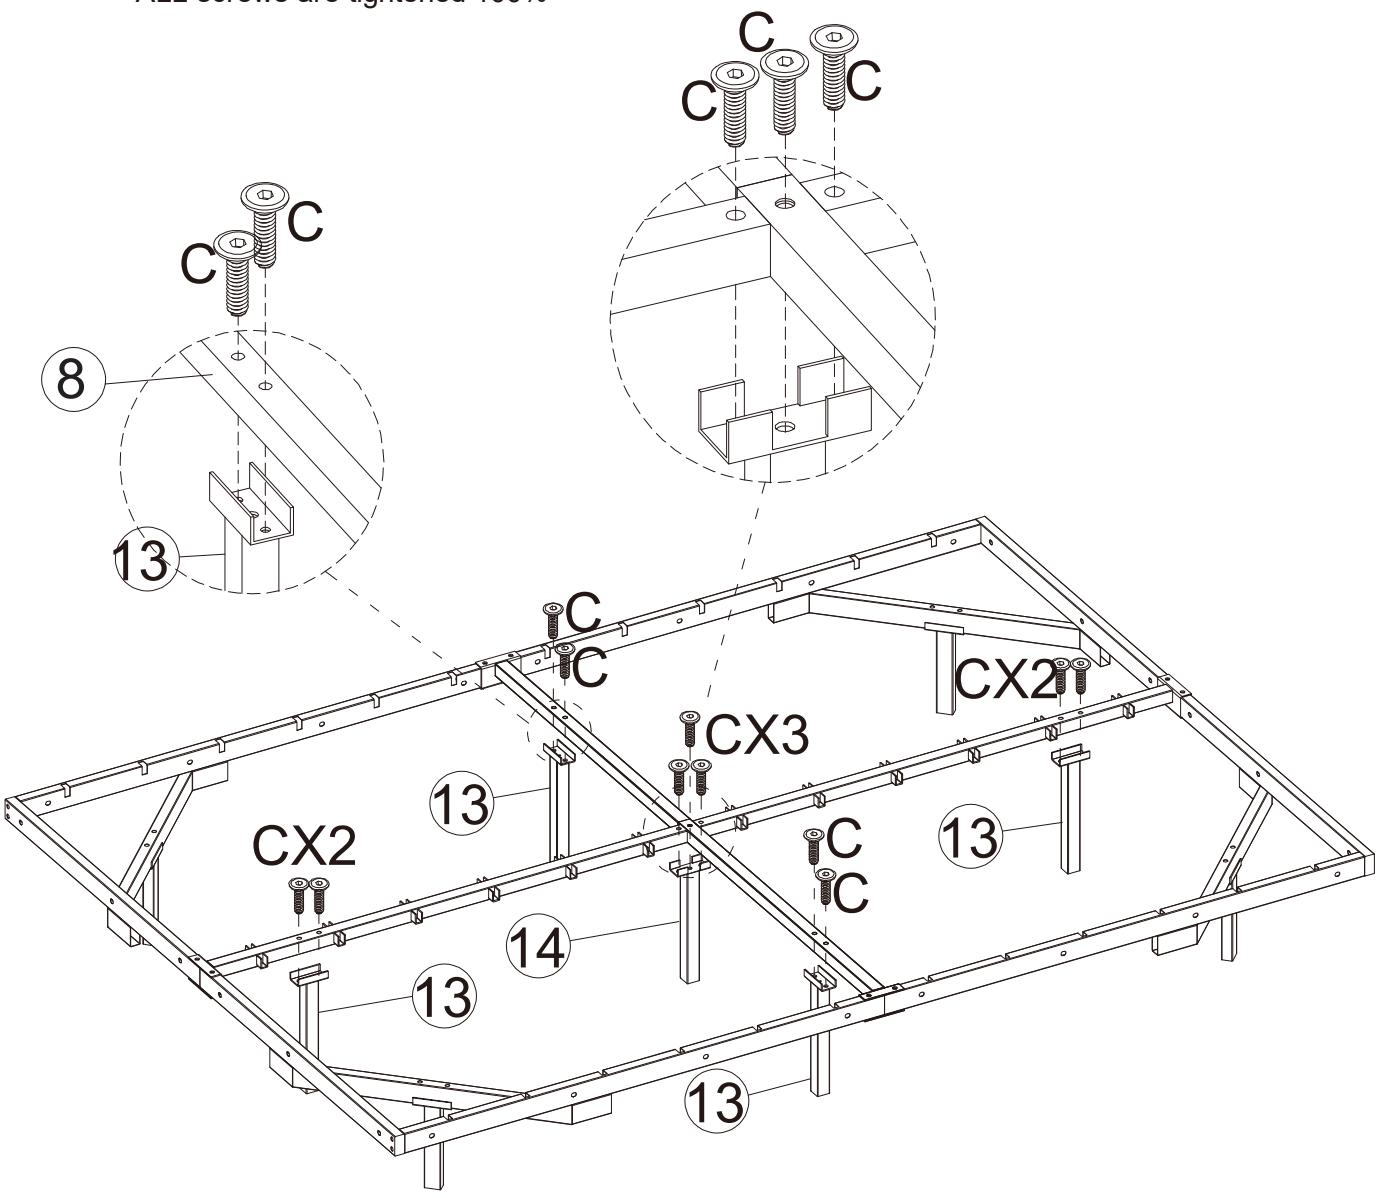

Align the edge of Diagonal Bar No.11 flush with the bed frame edge to prevent protrusion; any protrusion will cause difficulty in fitting the wooden board in subsequent installation.

After installation, rotate it back to the front to proceed with the next installation step.

STEP 10

ALL screws are tightened 100%

STEP 11

1. Take out foam from the package and lay it flat on the ground.

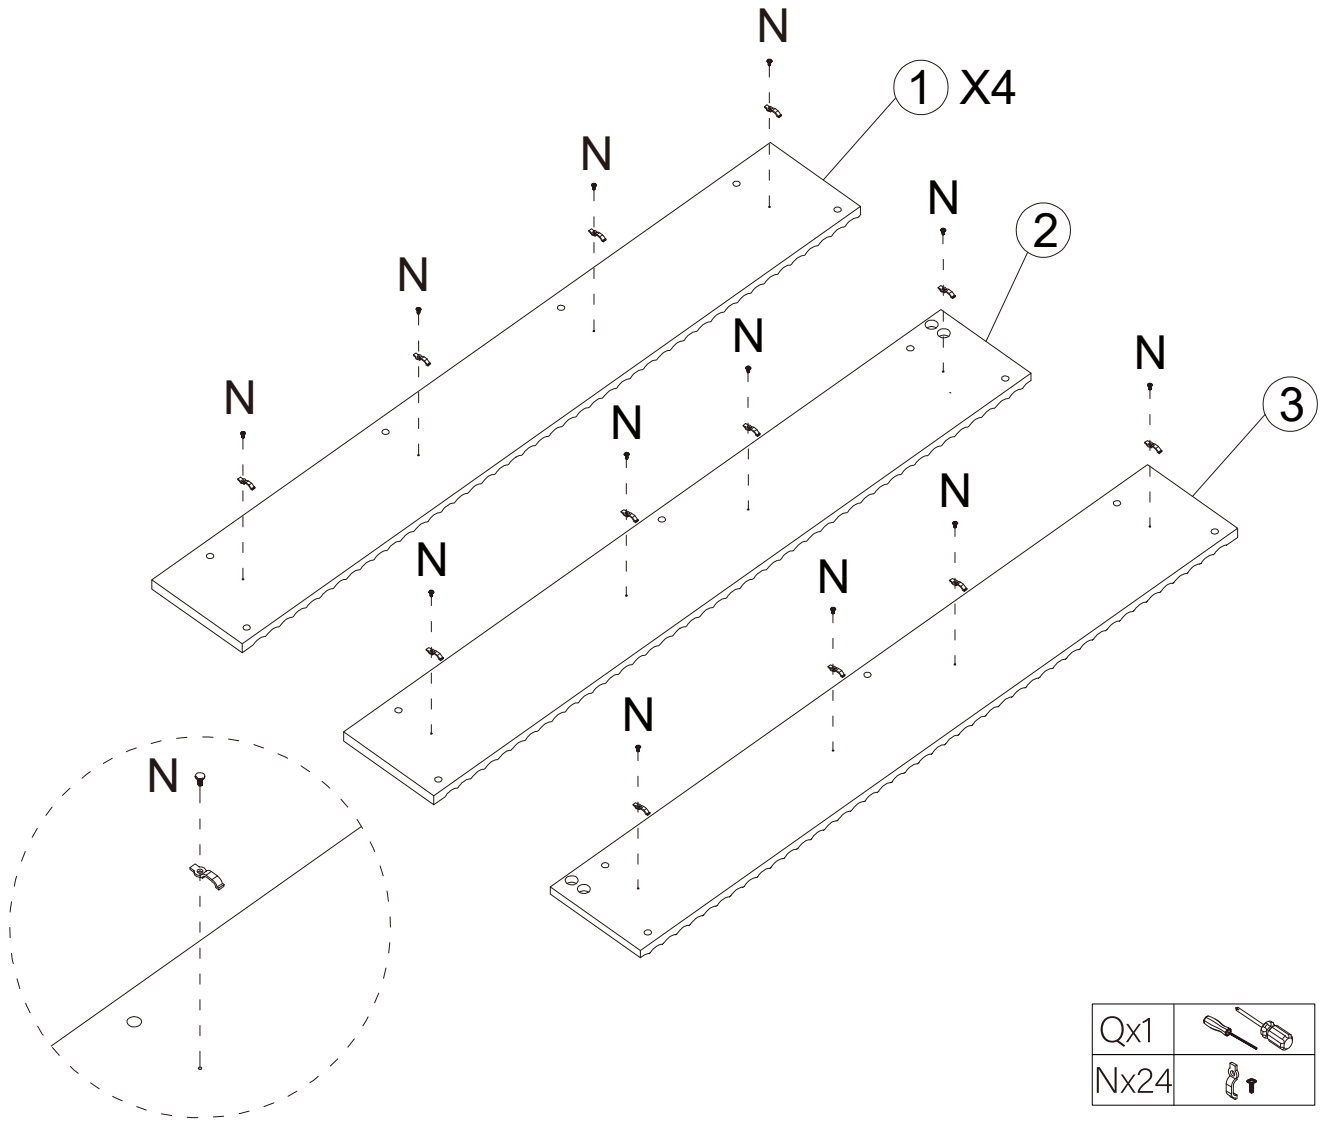

2. Take out the six wooden boards one by one (numbered 1, 2, 3).

3. For better installation, please use this Q accessory screwdriver to lock the N accessory, locking it 50%.

4. After completing the above steps, continue with step 11 of the instruction manual until step 16 locks the N part to 100%.

Reminder: Pay attention to safety during installation and do not get your hands injured by screws.

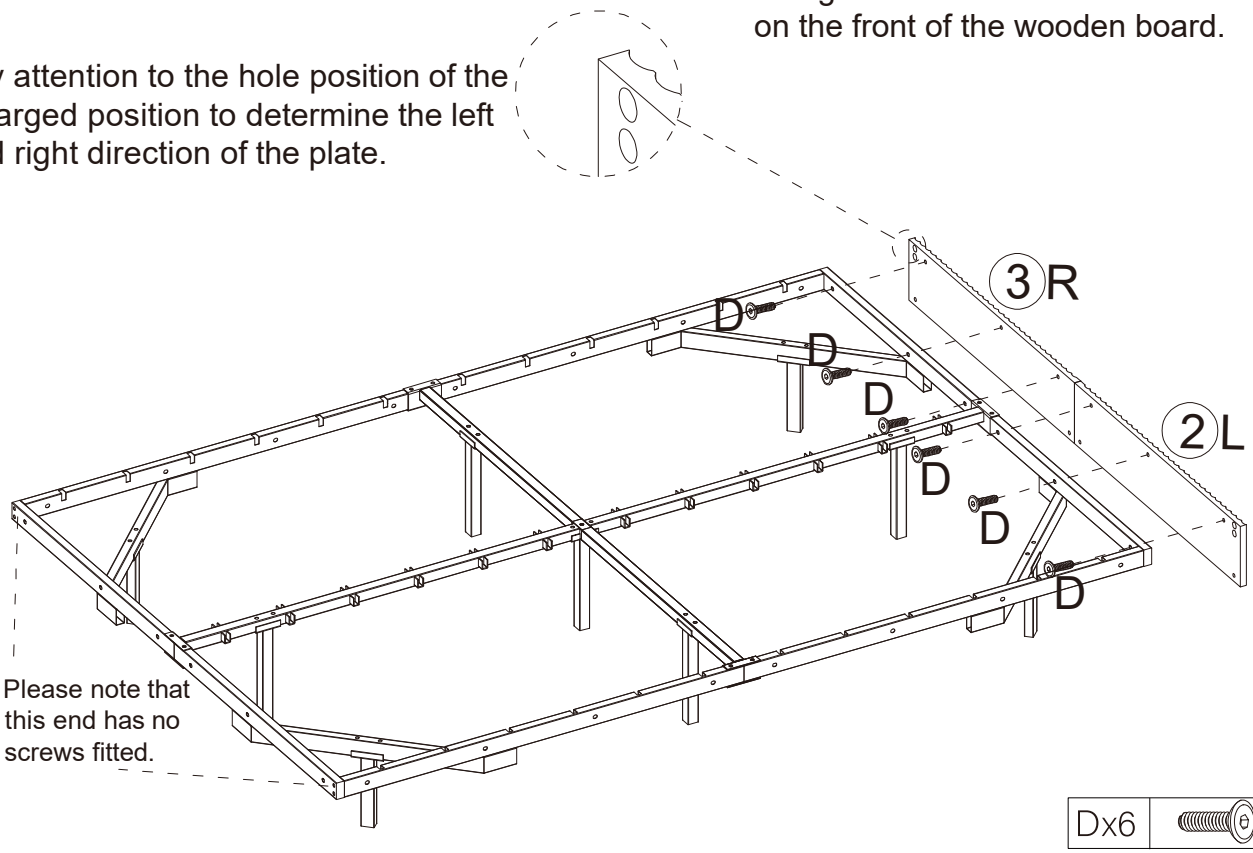

Please lay it flat on the foam to avoid damage to the wavy shape of the board

STEP 12

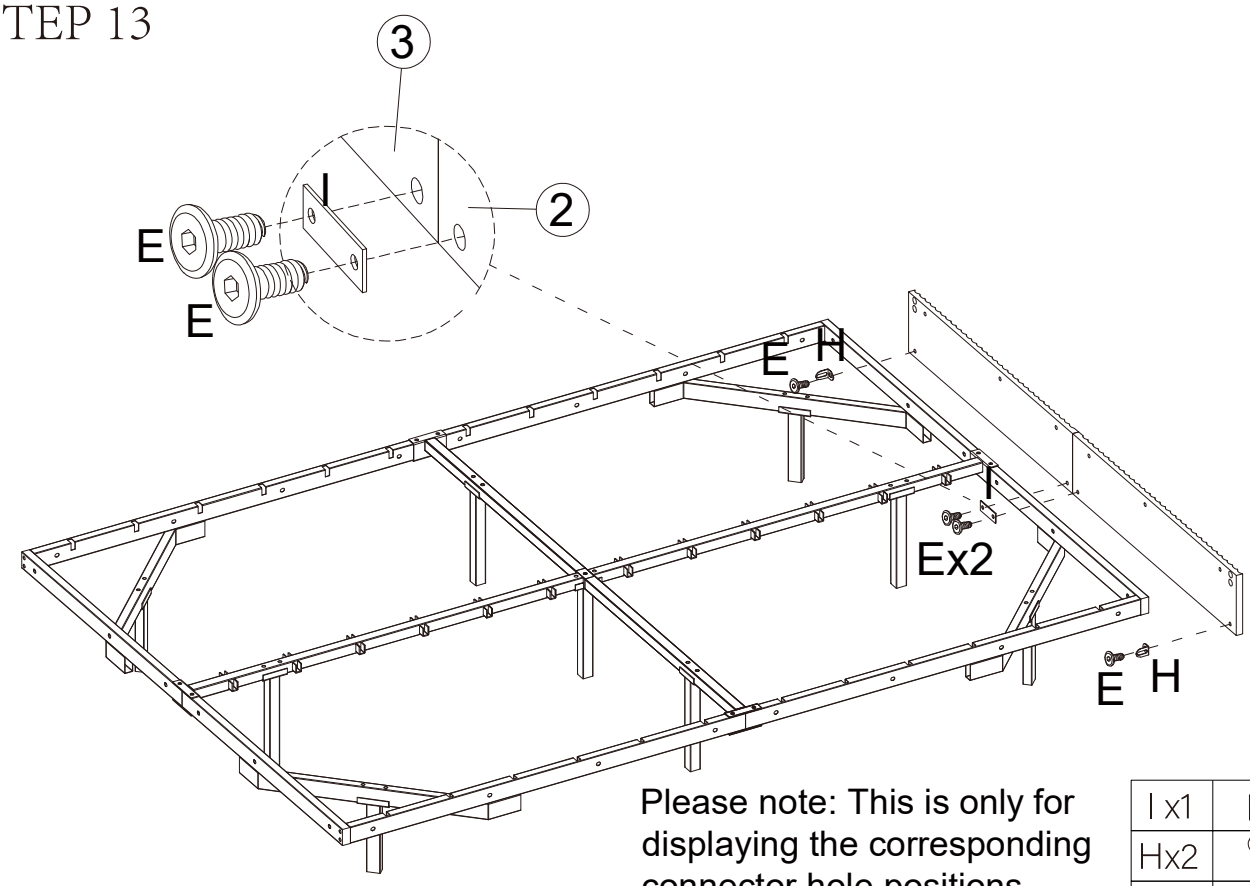

Please note to use 28mm D screws here. Using incorrect screws will cause cracks on the front of the wooden board.

Pay attention to the hole position of the enlarged position to determine the left and right direction of the plate.
