

SOLAR FLOWER LIGHTS

Thank you for your support of our product. If you encounter any issues, please don't hesitate to contact us. We are here to assist you.

USER MANUAL

OPERATION

- Push the "ON / OFF" switch on the bottom of solar panel to turn on the light.
- Install the lights in area where it can get direct sunlight.
- The solar sunflower lights will automatically turn on at night and turn off in the morning.

NOTE

- Please make sure you have Turned On the light before using, and charge the solar lights in direct sunshine at least 8 hours for the first time.
- In cloudy weather or winter, charging time may be longer and working time may be shorter, which is normal for solar lights and should not be considered as quality problem.

WARNING

- Do not dispose of the product and batteries in fire. When the product or batteries are disposed of in fire, the heat may cause explosion.
- Do not disassemble the product by yourself.
- Do not soak the product in the water.
