

User Manual for Strongest Wall Door Handle Stopper

Product Overview

The Strongest Wall Door Handle Stopper is designed to protect your walls and doors from damage caused by door handles. This set includes 6 pieces of clear rubber door knob shields that act as bumpers to absorb impact and reduce noise.

Features

- **Material:** Durable, clear rubber for discreet protection.
- **Size:** 5-inch diameter.
- **Quantity:** 6 pieces included.
- **Self-Adhesive:** Easy to install on various surfaces.
- **Quiet Operation:** Minimizes noise from door impacts.

Package Contents

- 6 x Clear Rubber Door Handle Stoppers

Installation Instructions

1. **Clean the Surface:** Ensure the wall surface where you plan to install the stoppers is clean and dry. Use a mild cleaner to remove any dust, grease, or debris.
2. **Peel Off the Backing:** Carefully peel off the protective backing from the adhesive side of the door stopper.
3. **Position the Stopper:** Place the rubber stopper on the wall at the desired height where the door handle makes contact. Ensure it aligns with the handle.
4. **Press Firmly:** Press the stopper firmly against the wall for a few seconds to secure the adhesive.
5. **Repeat:** If needed, repeat the process for additional stoppers in other locations.
6. **Not For** Rough, cracked, or oily wall!

Usage Tips

- For best results, allow the adhesive to set for 1 hour before subjecting it to impact.
- Check periodically to ensure the stoppers remain secure, and replace them if any wear is noticeable.

Maintenance

- To clean the stoppers, simply wipe them with a damp cloth. Avoid using abrasive cleaners that may damage the surface.

Safety Information

- This product is intended for indoor use only.
