Notes

1. Food and other tools in the picture are not included in the package.
2. It is recommended to brush some edible oil (not included) on the pan before making desserts. Normally, the warm-up time for the first use will be slightly longer.
3. Please do not burn at high temperatures for long periods of time. It is recommended to adjust the temperature to below 212°F when not in use.
4. Please do not use metal cleaning tools such as steel wools (not included) to scrub the product, and do not scratch the machine with a blunt object. During the process of making desserts, please be careful to flip the food over to prevent it from being burnt.
5. Please turn off the power switch when the machine is not working.
1. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
