Pastels Bring Peace 2

D2529S50575-4086

Pastels Bring Peace 2 is part of a series of two large abstract paintings on canvas. Drawing inspiration from the existential works of Clyfford Still, an abstract expressionist, this work invites the viewer into a world reminiscent of a cloudy dreamscape. The canvas is densely layered, featuring a gentle color palette of pastel peach, baby blue, and pale indigo, accentuated by touches of charcoal. This combination creates an illusion of depth, ultimately providing a tranquil moment of reflection for those who immerse themselves in the work.

Reflecting on the symbolism of Still's works, Pastels Bring Peace 2 uses vertical forms to consider the internal struggle of the spirit against the external opposition of nature. An original addition to the carefully curated ART by TA Collection and a beautiful companion piece to Pastels Bring Peace 1.
