

LUANG is a locally manufactured wall light designed by Faro Lab. The Luang family is inspired by the art and hand - crafted objects made with papyrus and natural fibres in Southeast Asia and by how they create incredibly formal poetic and complex volumetric objects from flat elements. It has a minimalist structure that contrasts profoundly with the free and organic appearance of its shade which, by not having a structure and being materialised exclusively in papyrus, lights up entirely. This model's shade is beige, providing a very natural, cosy light.

General characteristics

Fixation	Wall
voltage	120V
Hertz	60Hz
Switch type	On/Off
Max. Power	15W

Material

Body/Structure	Steel
Screen	Parchment

Finish

Body/Structure	Black
Screen	Beige
Location	Dry locations only
US Certification	Fijas cETLus

Lighting characteristics

Light source included	No
Light source	E26 LED
Bulb socket included	Yes
