Installation Steps

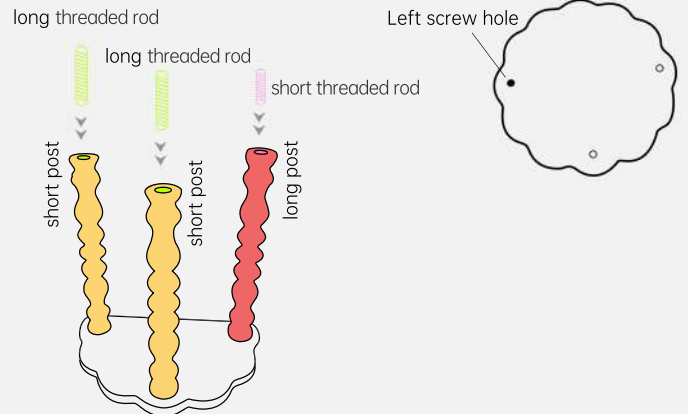

- Long post (6pcs)
- Short post (5pcs)
- Long Threaded Rod (7pcs) ●
- Short Threaded Rod (8pcs) ●
- Round Head Screw (1pc) ●

Step 1: Start with the top panel.
Use 1 top panel and 3 short threaded rods.

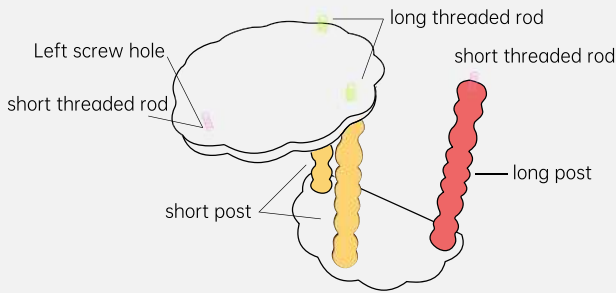

Step 2: Install the posts and threaded rods. Use 2 short posts, 1 long post, 2 long threaded rods, and 1 short threaded rod.

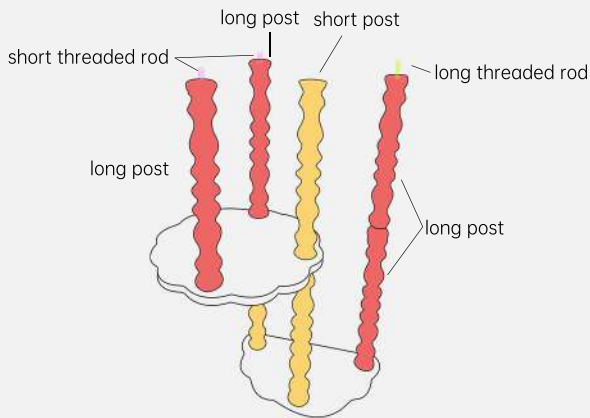

Step 3: Identify the middle panels. Choose the one with the screw hole on the left side when viewed from the back.

Step 4: Install the middle panel (hole on the left).
Use 1 short threaded rods.

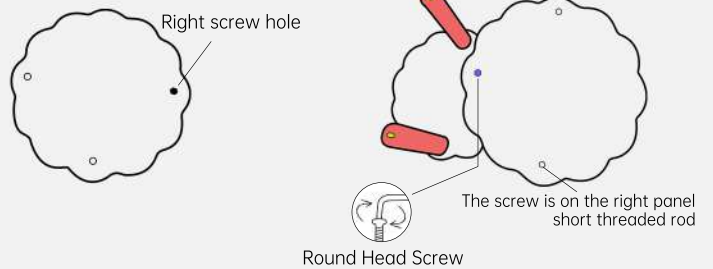

Step 5: Install the posts and threaded rods. Use 1 short post, 3 long posts, 1 long threaded rod, and 2 short threaded rods.

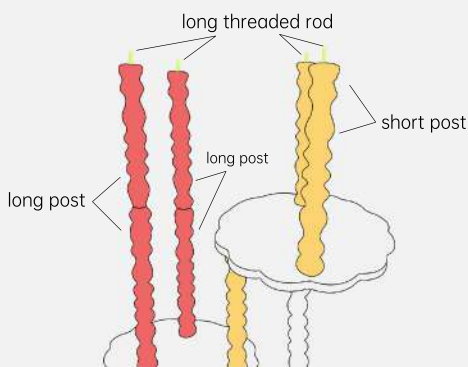

Step 6: Identify the middle panel.
Choose the one with the screw hole on the right side when viewed from the back.

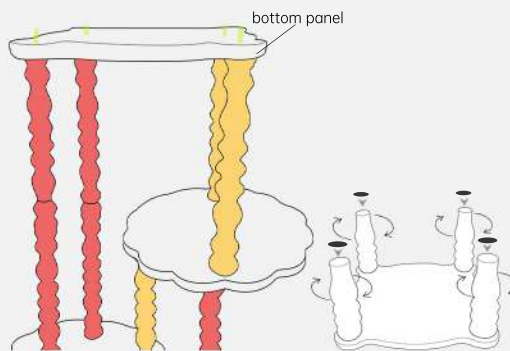

Step 7: Install the middle panel (hole on the right).
Use 1 short threaded rod and 1 round head screw.

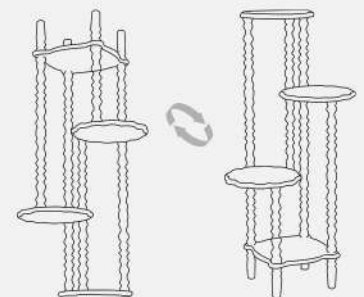

Step 8: Install the remaining posts and threaded rods. Use 2 short posts, 2 long posts, and 4 long threaded rods.

Step 9: Attach the bottom panel.

Step 10: Gently flip the plant stand over.
You're done!

Install the 4 legs and 4 felt pads.
