step 9

How to put Sofa Modules together.

This modular sofa has multiple combinations. Here, one of the combinations is shown.

step 10---Install the Metal hook (K)

There is a metal hook inside the carton as a free part.

If you only purchased single part of the sofa, this hook will not be useful.

If you want to be combined with other sofa components (ottoman, chair, chaise etc), this hook can be used. Just use this hook to fix two parts together from the bottom to prevent displacement while using the products.
