

Installation & Assembly

Thank you for your purchase!

We're committed to providing you with excellent service and reliable products you can count on.

Enjoy your new gear, and remember—we're always here when you need us.

Our online store has both a two-seater and three-seater style waiting bench. We also offer styles in a one-seat format. You are free to combine different styles what you want.

The product is suitable for places such as airports, hospitals, clinics, office lobbies, salons, etc.

◆ Attention ◆

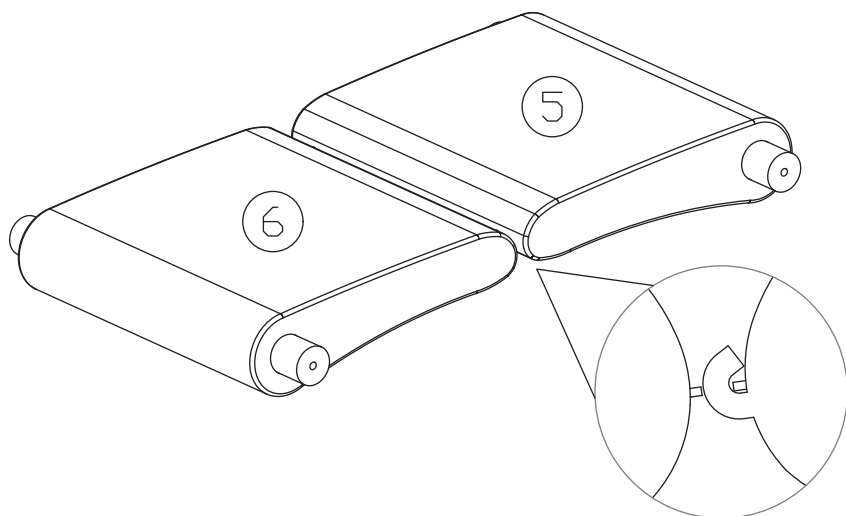

This Waiting Bench product is shipped in two individual cartons. Sometimes delivery will be made in two separate shipments. If only carton is received one, please be assured the second one is not far behind. If any concerns, please feel free to contact us.

Assembly is simple but will require at least two persons due to the relatively large size of the product. Two persons should be able to assemble this waiting bench quickly. A third person to help might speed in the assembly.
