All Accessories for Assembly

Application

It is suitable for rooms with 7.22-9.19ft height and 161.46-215.28ft² large and is suitable for living rooms, bedrooms, kitchens, dining rooms, entrances, hallways, foyers, doorways, basements, bathrooms, restaurants, cafes, stores, children's rooms, and nurseries. It is also suitable for vaulted and sloping ceilings.

Notes

1. Please check the size carefully before ordering.
2. Please read the English instruction carefully before using and installing.
3. Please do not install the light next to the air conditioner or heater to avoid rusting due to moisture, which will affect the service life of the light.
4. Please note that this product is not **waterproof**.
5. Please make sure that the roof and floor construction is completed and is free of leakage before the installation of the luminaire.
6. Please wear electric insulation gloves (not included) and avoid scratching the surface of the light plate and the electric wire when installing. Please make sure that the power supply has been cut off before installation, and conduct a power test before installation. To ensure your safety, we recommend that two people especially have an electrical license install this ceiling light together.
7. Please use the light within the applicable voltage range and clean the light regularly. Please cut off the power before cleaning it or change the light strip.
8. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
