

Assembly Instruction

1. Identify all parts packed in carton against the parts list. Remove all protective material carefully and avoid cutting the surface of the furniture while removing the bubble wrap.
2. Put the table top upside down a flat surface. Attach the legs with flat washers and lock washers and nuts, don't tighten at this time.
3. Connect the legs with the Center Rings, tighten with Bolts in the leg, flat washers, lock washers. Progressively tighten all the bolts until secure.
4. Turn the table on its legs, you can adjust foot plugs to level table if needed.
