

Assembly Instructions

Carefully unpack and identify all parts before assembly.

1. Lay the frame, with screw holes side facing up, on a non-abrasive surface.
2. Gently lay the glass mirror, (mirror side down) onto the frame. Then lay the glass mirror cover onto the frame.
3. Secure the glass mirror cover onto the frame with screws, tabs, and bracket.
4. At the desired wall location, install two picture frame hangers into wall at corresponding position with two hanging loops. Note: Use a level to insure mounting position is horizontal or vertical.
5. Carefully hang mirror onto wall.
